## **Report of the activities of Human Rights club for the year 2018-19**

The Human Rights Club of our institution has completed 5 years of its pioneering work in the promotion and protection of human rights since its establishment in 2014. The club has consistently worked towards bringing a human rights-centered approach in the Government at Central and State levels, as well as towards creating human rights awareness and sensitization amongst public authorities and civil society.

In a society as diverse as ours, the indivisibility and inter-connectedness of human rights, whether civil and political or economic, social and cultural, is self-evident, especially in respect of the most vulnerable, including people belonging to Scheduled Castes, Scheduled Tribes, Women, Children, Disabled and other vulnerable groups. The deprivation, problems and concerns that confront each of these groups, remained an important area of concern for the Club during the period under review

The Human rights club committee meeting for the academic year 2018-19 was held on 8<sup>th</sup> Aug 2018 at 2.30 pm. The agenda of meeting was to discuss about the activities of Human rights club for the academic year 2018-19.
