### PLASTIC FREE AREA

On the eve of India's 75<sup>th</sup> year of Independence and Mahatma Gandhi's 152<sup>nd</sup> birth anniversary, the government launched an innovative month-long campaign to collect and remove 75 lakh kilograms of single-use plastic waste from across the country. Announcing the "**Clean India Campaign**", Minister of Youth Affairs and Sports, said the programme will begin tomorrow - the eve of Gandhi Jayanti.

In this regard, self-help groups, clubs, organisations, individuals, and institutions have to join us from October 1 to 31 in this Clean India programme to make India free of plastic waste. Earlier Prime Minister Narendra Modi has regularly urged people to join the Swachh Bharat Mission. The post also carried a quote by Mahatma Gandhi - "Sanitation is more important than independence."

There is a need for educational institutions to actively contribute to the effort of banning the use of single use plastics. The awareness encourage universities to adopt policies and practices towards cleaner and plastic free campuses. Students and faculty must work towards this in mission mode. Students may not be permitted to bring non-bio- degradable plastic items to the institution.

**National Service Scheme (NSS Unit)** of Sapthagiri College of Engineering in association with ECO club and Health club organized a Plastic Awareness Campaign on 25<sup>th</sup> October 2021. The campaign started at 10.30 am by our beloved Principal Dr. Ramakrishna H, in the presence of conveners of health club and ECO club, NSS Program Officer Dr.Tulsidas D, with NSS volunteers of Sapthagiri College of Engineering, Bangalore. Firstly our Principal addressed the volunteers about the health and environmental issues in using the plastics in the daily life. Also highlighted on social service activity points. Ensure presence of alternative solutions like cloth bags etc., to plastic bottles, covers and other goods on campuses. The volunteers collected the plastics near the college in three different areas like Chikkasandra, Kirtoskar layout and Hesaraghatta Main road. 110 students were present for this activity.

### MATHRU BHASHA DIVAS

“Mathru Bhasha Divas” was conducted on 21/02/2022 in Sapthagiri College of Engineering.

The first language a baby learns from birth is called the mother language, and therefore plays a crucial role in our lives for various reasons. Studies have shown that cognitive development and intellectual development are comparatively faster in fluent in their mother tongue. The educational success in their mother tongue is higher than someone taught in a language other than their mother tongue. Languages are the primary means of keeping our culture alive. Often, the direct translation of one language into another cannot convey the same essence as in the source language. Therefore, the best way to know a culture thoroughly is to understand the language.

The mother tongue helps us stay connected to our traditional, cultural values and our roots. If a child reads in their mother tongue from an early age, they will have more substantial reading and writing skills in other languages. Knowing your mother tongue to communicate with your local customers if you want to become an entrepreneur is beneficial. It enriches one's confidence and creates awareness in one's mind while also connecting with his cultural identity. Mother's tongue has a tremendous positive impact on an individual's personality; however, the medium of education, usually English, also encourages parents to speak to their children in the second language. This leads to confusion in the children's minds and, hence, difficulties mastering first and second languages.

The following are the details of the activities and respective faculty coordinators, performed on the occasion of Mathru Bhasha Divas.

### *Anti Terrorism Day Pledge*

Anti-Terrorism Day is observed on May 21 in India every year. The objective behind the observance of this day is to wean away from the youth from terrorism and the cult of violence by highlighting the suffering of common people and showing how it is prejudicial to the national interest. Anti-Terrorism Day is observed every year on 21 May, on the death anniversary of former Prime Minister Rajiv Gandhi. He was assassinated on May 21, 1991, by the LTTE terrorists while campaigning for the Congress Party at Sriperumbudur in Tamil Nadu. Rajiv Gandhi became India's youngest PM when he was sworn in at 40.

Anti-Terrorism Day is celebrated to promote peace and harmony. Terrorists feel the need to inflict disaster on innocent people either because they are brain-washed because they believe it is their religious purpose or simply because they don't have a conscience. Whatever be their motivation, there's no denying the fact that their activities are immoral.

The day also helps us remember the sacrifices made by thousands of soldiers and policemen who fought against terrorism to protect their country and their people.

National Service Scheme (SWAYAM SEVA) NSS UNIT of Sapthagiri College of Engineering organized "Anti Terrorism Day Pledge" on 21<sup>st</sup> May 2022, Saturday in MINI seminar hall. The program involved by pledge taking by the students in the presence of NSS Coordinator Dr. Tulsidas D along with HOD-Mechanical Engineering and the staffs of different branches, cordially supported by the management, Principal Dr. H Ramakrishna, SCE, Bengaluru.
