Event Description:

C programming is considered as the base for other programming languages, that is why it is known as mother language. C is a powerful general-purpose programming language. It can be used to develop software like operating systems, databases, compilers, and so on. So the Department of CSE decided to conduct E-Quiz on C Programming.

With the support of Convener Dr. Kamalakshi Naganna, Professor & Head, Department of CSE, we coordinator Prof. Rashmi H C and Prof. Prakruthi C prepared C programming basics questions. We covered almost all the topics in C Programming using Virtual Platform Google Form. We posted the Google Form Link in respective 2nd Sem students WhatsApp group.

The students of 2nd sem responded very well by attending C Programming quiz. Around 149 students participated and scored good marks in C Programming quiz. Finally Convener Dr. Kamalakshi Naganna, Professor & Head, Department of CSE thanked everyone for their participation and also thanked coordinators for organizing this C Programming quiz.

REPORT ON

Session on "Out of the box thinking for problem solving"

Under Ministry of Education's Innovation Cell, AICTE

MIC driven activity for the (Q3+Q4), IIC4.0:

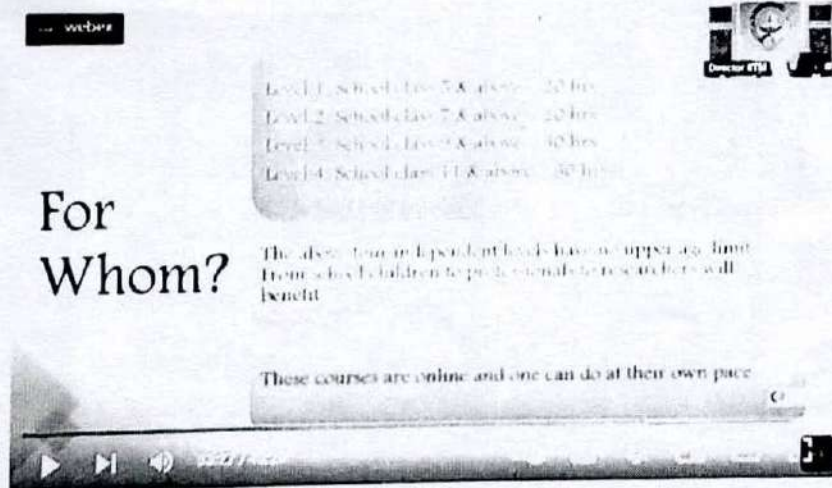

Speaker: Prof. V. Kamakoti, Director, IIT Madras

1. About the Seminar

IICs is a faculty-experts-student council which takes on multiple activities to promote Innovation and Entrepreneurship round the year. IIC's objective is to prepare the students with skills like critical thinking, Design Thinking, Innovative thought process and Entrepreneurial mindset.

The speaker Prof.V. Kamakoti stressed on cultivating a way to think differently to bring change in society and give more effective and affordable solutions for societal problems.

MIC (MoE's Innovative cell) has introduced a 4-level course which is free for all and the courses starts from July 13th on out of the box thinking.

The screenshot shows a video player interface. The main content is a presentation slide titled "For Whom?". The slide lists four levels of a course:

- Level 1: School class 7 & above - 20 hrs
- Level 2: School class 7 & above - 20 hrs
- Level 3: School class 9 & above - 40 hrs
- Level 4: School class 11 & above - 80 hrs

Below the list, it states: "The above four independent level-based courses have no upper age limit. From school children to professionals to researchers will benefit."

At the bottom of the slide, it says: "These courses are online and one can do at their own pace."

The video player controls at the bottom show a play button, a progress bar at 12:27 / 14:00, and a volume icon.

The speaker shared the knowledge about out of the box thinking through mathematics, he emphasized on training the brain to be creative by thinking in unconventional way. He also shared some situations/ examples where out of the box thinking was used without using any formulas.
