### PLASTIC FREE AREA

On the eve of India's 75<sup>th</sup> year of Independence and Mahatma Gandhi's 152<sup>nd</sup> birth anniversary, the government launched an innovative month-long campaign to collect and remove 75 lakh kilograms of single-use plastic waste from across the country. Announcing the "Clean India Campaign", Minister of Youth Affairs and Sports, said the programme will begin tomorrow - the eve of Gandhi Jayanthi.

In this regard, self-help groups, clubs, organizations, individuals, and institutions have to join us from October 1 to 31 in this Clean India programme to make India free of plastic waste. Earlier Prime Minister Narendra Modi has regularly urged people to join the Swachh Bharat Mission. The post also carried a quote by Mahatma Gandhi - "Sanitation is more important than independence."

There is a need for educational institutions to actively contribute to the effort of banning the use of single use plastics. The awareness encourage universities to adopt policies and practices towards cleaner and plastic free campuses. Students and faculty must work towards this in mission mode. Students may not be permitted to bring non-bio- degradable plastic items to the institution.

**National Service Scheme (NSS Unit)** of Sapthagiri College of Engineering in association with ECO club and Health club organized a Plastic Awareness Campaign on 25<sup>th</sup> October 2021. The campaign started at 10.30 am by our beloved Principal Dr. Ramakrishna H, in the presence of conveners of health club and ECO club, NSS Program Officer Dr.Tulsidas D, with NSS volunteers of Sapthagiri College of Engineering, Bangalore. Firstly our Principal addressed the volunteers about the health and environmental issues in using the plastics in the daily life. Also highlighted on social service activity points. Ensure presence of alternative solutions like cloth bags etc., to plastic bottles, covers and other goods on campuses. The volunteers collected the plastics near the college in three different areas like Chikkasandra, Kirloskar layout and Hesaraghatta Main road. 110 students were present for this activity.

## *Anti Terrorism Day Pledge*

In India, May 21 is designated as Anti-Terrorism Day each year. By emphasizing the pain of everyday people and demonstrating how it is detrimental to the national interest, the goal of this day is to wean young people away from terrorism and the cult of violence. Every year on May 21, the anniversary of former Prime Minister Rajiv Gandhi's passing, Anti-Terrorism Day is observed. He was killed on May 21, 1991, by LTTE terrorists in Sriperumbudur, Tamil Nadu, where he was running for the Congress Party. At 40 years old, Rajiv Gandhi was sworn in as India's youngest prime minister.

**National Service Scheme** (SWAYAM SEVA) NSS of Sapthagiri College of Engineering hosted the "Anti Terrorism Day Pledge" UNIT on Saturday, May 21, 2022, in the MINI seminar hall. Pledges were taken by the students as part of the activity, which was graciously supported by the administration, Principal Dr. H Ramakrishna, SCE, Bengaluru, NSS Coordinator Dr. Tulsidas D, and the staff members of various branches.

**MATHRU BHASHA DIVAS**

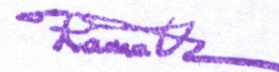

**"Mathru Bhasha Divas" was conducted on 21/02/2022 in Sapthagiri College of Engineering.**

The first language a baby learns from birth is called the mother language, and therefore plays a crucial role in our lives for various reasons. Studies have shown that cognitive development and intellectual development are comparatively faster in fluent in their mother tongue. The educational success in their mother tongue is higher than someone taught in a language other than their mother tongue. Languages are the primary means of keeping our culture alive. Often, the direct translation of one language into another cannot convey the same essence as in the source language. Therefore, the best way to know a culture thoroughly is to understand the language.

The mother tongue helps us stay connected to our traditional, cultural values and our roots. If a child reads in their mother tongue from an early age, they will have more substantial reading and writing skills in other languages. Knowing your mother tongue to communicate with your local customers if you want to become an entrepreneur is beneficial. It enriches one's confidence and creates awareness in one's mind while also connecting with his cultural identity. Mother's tongue has a tremendous positive impact on an individual's personality; however, the medium of education, usually English, also encourages parents to speak to their children in the second language. This leads to confusion in the children's minds and, hence, difficulties mastering first and second languages.

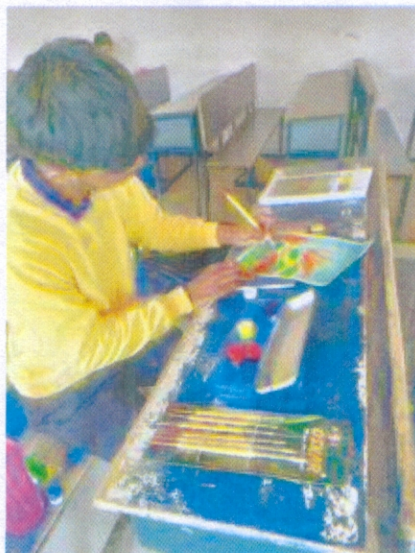

The following are the details of the activities and respective faculty coordinators, performed on the occasion of Mathru Bhasha Divas.
