## PTA Expectations

The PTA Board will be responsible to the Principal. Minutes of each meeting will be kept and made available upon the request of a parent, teacher or committee member.

## Roles and Responsibilities of the Committee

PTA is mainly formed for a basic reason of taking into account the welfare and education of the learners. Parents and teachers study ways and means of bringing up well educated, cooperative and perfectly behaved young citizens. Both parents and teachers seek effective ways of developing each child's potentials. The time commitment is not onerous at all. The PTA Executive Committee meets one or two times per term and although we encourage executive members to help organize and run events it is not mandatory and in fact many fundraising events are organized by parents not on the executive committee with the help of other parents who just want to volunteer for specific jobs without the responsibility of running them. Obviously certain roles on the executive will attract some additional work and oversight as outlined below.

Members of the Executive Committee, which includes Parent & Reps, are expected to understand, support and fulfil the following responsibilities:

- Actively participate in regularly scheduled Committee meetings. Read any material distributed prior to the meetings. Contribute to discussions and support decisions that are arrived at by the Committee and hold any confidential information shared at the meetings in confidence.
- Be informed about the PTA's mission statement and constitution document.
- Be an advocate of the PTA and encourage others to get involved, whether by joining the Executive Committee or helping with fundraising events.
- Along with the other committee members, set the fundraising goals of the committee and work in partnership with the other members to achieve the goals set.
- In partnership with the other committee members, ensure effective allocation of the funds raised.
- Contribute to ideas for fundraising and allocation of funds.
- Be willing to assist with at least one PTA fundraising event in the college year either as an organizer or volunteer.
- Be accessible to other parents and teachers who wish to put forward ideas or concerns to the PTA
- Raise money to help both the running and the activities of the college.
- Explain the roles of the college to the community, this is how teachers and community members come to a more harmonious relationship.
- They give their points of view to the teachers concerning academic improvement and moral standards.
- Help the staff to maintain effective discipline among their students.

## Code of conduct

There is an expectation of mutual respect and cordiality during meetings. Suggestions are welcome from all members orally or in writing.

## Procedures

Association meetings as determined by executive committee and official minutes and financial statements (if any) will be kept

Invitations to meetings with proposed meeting agenda sent out to every parent two weeks prior.

Events and programs are planned by Executive Board and presented to the larger group to deliberate and vote on by an agreed quorum.

## **PLASTIC FREE AREA**

On the eve of India's 75th year of Independence and Mahatma Gandhi's 152nd birth anniversary, the government launched an innovative month-long campaign to collect and remove 75 lakh kilograms of single-use plastic waste from across the country. Announcing the "Clean India Campaign", Minister of Youth Affairs and Sports, said the programme will begin tomorrow - the eve of Gandhi Jayanti.

In this regard, self-help groups, clubs, organizations, individuals, and institutions have to join us from October 1 to 31 in this Clean India programme to make India free of plastic waste. Earlier Prime Minister Narendra Modi has regularly urged people to join the Swachh Bharat Mission. The post also carried a quote by Mahatma Gandhi - "Sanitation is more important than independence."

There is a need for educational institutions to actively contribute to the effort of banning the use of single use plastics. The awareness encourage universities to adopt policies and practices towards cleaner and plastic free campuses. Students and faculty must work towards this in mission mode. Students may not be permitted to bring non-bio- degradable plastic items to the institution.

National Service Scheme (NSS Unit) of Sapthagiri College of Engineering in association with ECO club and Health club organized a Plastic Awareness Campaign on 25th October 2021. The campaign started at 10.30 am by our beloved Principal Dr. Ramakrishna H, in the presence of conveners of health club and ECO club, NSS Program Officer Dr.Tulsidas D, with NSS volunteers of Sapthagiri College of Engineering, Bangalore. Firstly our Principal addressed the volunteers about the health and environmental issues in using the plastics in the daily life. Also highlighted on social service activity points. Ensure presence of alternative solutions like cloth bags etc., to plastic bottles, covers and other goods on campuses. The volunteers collected the plastics near the college in three different areas like Chikkasandra, Kirloskar layout and Hesarghatta Main road. 110 students were present for this activity.

## **ANTI TERRORISM DAY PLEDGE**

Anti-Terrorism Day is observed on May 21 in India every year. The objective behind the observance of this day is to wean away from the youth from terrorism and the cult of violence by highlighting the suffering of common people and showing how it is prejudicial to the national interest. Anti-Terrorism Day is observed every year on 21 May, on the death anniversary of former Prime Minister Rajiv Gandhi. He was assassinated on May 21, 1991, by the LTTE terrorists while campaigning for the Congress Party at Sriperumbudur in Tamil Nadu. Rajiv Gandhi became India's youngest PM when he was sworn in at 40.

Anti-Terrorism Day is celebrated to promote peace and harmony. Terrorists feel the need to inflict disaster on innocent people either because they are brain-washed because they believe it is their religious purpose or simply because they don't have a conscience. Whatever be their motivation, there's no denying the fact that their activities are immoral.

The day also helps us remember the sacrifices made by thousands of soldiers and policemen who fought against terrorism to protect their country and their people.

## **MATHRU BHASHA DIVAS**

"Mathru Bhasha Divas" was conducted on 21/02/2022 in Sapthagiri College of Engineering. The first language a baby learns from birth is called the mother language, and therefore plays a crucial role in our lives for various reasons. Studies have shown that cognitive development and intellectual development are comparatively faster in fluent in their mother tongue. The educational success in their mother tongue is higher than someone taught in a language other than their mother tongue. Languages are the primary means of keeping our culture alive. Often, the direct translation of one language into another cannot convey the same essence as in the source language. Therefore, the best way to know a culture thoroughly is to understand the language.

The mother tongue helps us stay connected to our traditional, cultural values and our roots. If a child reads in their mother tongue from an early age, they will have more substantial reading and writing skills in other languages. Knowing your mother tongue to communicate with your local customers if you want to become an entrepreneur is beneficial. It enriches one's confidence and creates awareness in one's mind while also connecting with his cultural identity. Mother's tongue has a tremendous positive impact on an individual's personality; however, the medium of education, usually English, also encourages parents to speak to their children in the second language. This leads to confusion in the children's minds and, hence, difficulties mastering first and second languages.

The following are the details of the activities and respective faculty coordinators, performed on the occasion of Mathru Bhasha Divas.

## Human Chain

### **"SAY NO TO SEXUAL HARASSMENTS"**

The Prevention of Sexual Harassment Cell (PSHC) of SCE organized a Human Chain formation on "Say No to Sexual Harassments" at 1.00 pm in the college campus on 10/10/2021. The students of SCE participated in the program.

When we have respect on someone, we tend to take nice care of them. We make sure that they are not hurt. We neither hurt them nor allow others to hurt them. There will be a sense of belonging to the cause of good deeds. The good old method of loving, caring and respecting each other is disappearing in the society. Even little children are not spared by their own family members. To curb all these horrible things, it is time to start respecting and caring each other. To spread the awareness of respecting each other to curb sexual harassments and abuses, the students of SCE formed Human chain in the college campus. This effort will definitely reduce and one day stop the evil deeds and form a safe world for everyone to live.

This program helped to raise awareness about sexual harassment in its various forms and to build a secure physical and social environment to prevent acts of sexual harassment and to create Zero Tolerance to sexual abuse of any form.
