Name/Title of the Activity/Event	Placement Preparation
Date of Organization	17 th SEPTEMBER 2022
Venue (with address)	ALH405, SCE, Bangalore
Organized by (Resource Person)	Department of Computer Science and Engineering. Resource Person: Mr. Vivek Mathew
Objectives of the event/activity	To enhance the knowledge on how to prepare for Interview
Participants (Please attach list of participants, if it is organized/conducted in the dept.))	7 th Semester CSE students
Mention organized /participated/attended	Prof. Shobha.K

Event Description:

Alumni talk was conducted for the benefits of enhancing and improving the knowledge how to prepare for the Interview with industry perspective for the 7TH Semester Students of Department of Computer Science and Engineering, Sapthagiri College of Engineering, Bangalore on 17th SEPTEMBER 2022. The following topics were discussed in the sessions:-Introduction, Programming Language, Level of Confidence, Rounds of Interview. Also advised the students to be confident on one language you are familiar with. Also encouraged students to attend placement activities and explained about self-improvement in career. Students were interacting throughout the session as it was more interactive.

Event Description:

Skill Enhancement program was conducted for improving the technical and development skills for 7th Semester Students of Department of Computer Science and Engineering, Sapthagiri College of Engineering, Bangalore on 22nd October 2022. The following topics were discussed in the sessions:-

Predictive data analytics, Prescriptive data analytics, Diagnostic data analytics, Descriptive data analytics. The event was made more interesting and the students were able to learn the various aspects understand of Data Analytics like:

Data analytics is the science of analyzing raw data to make conclusions about that information. Data analytics help a business optimize its performance, perform more efficiently, maximize profit, or make more strategically-guided decisions. The techniques and processes of data analytics have been automated into mechanical processes and algorithms that work over raw data for human consumption. Various approaches to data analytics include looking at what happened (descriptive analytics), why something happened (diagnostic analytics), what is going to happen (predictive analytics), or what should be done next (prescriptive analytics). Data analytics relies on a variety of software tools ranging from spreadsheets, data visualization, and reporting tools, data mining programs, or open-source languages for the greatest data manipulation.

*Type of event/activity	Industrial Visit
Name/Title of the Activity/Event	<u>ISRO UPSC</u> Industrial visit
Date of Organization	27 TH February ,2023
Venue (with address)	OLD airport road ,Bangalore
Organized by	Department of Computer Science and Engineering.
Objectives of the event/activity	The objective of the visit was to provide a Technical Exposure to the students about Space Technology and advancements in Technology
Participants (Please attach list of participants, if it is organized/conducted in the dept.)	8 th Semester CSE students
Mention organized /participated/attended	Prof. Madhushree, Prof. Shashi Rekha G

Event Description:

A one day Industrial visit to **Indian space Research Organization (ISRO)**, Bangalore was organized by the Department of Computer Science Engineering on 27TH February ,2023 with the lead role taken up by our beloved Head of the department **Dr. Kamalakshi Naganna** to organizing the visit. It was a half day visit comprising of 60 students of 2 sections from 8th semester along with faculties **Prof. Madhushree** and **Prof. Shashi Rekha G**. The objective of the visit was to provide a Technical Exposure to the students about Space Technology and advancements in Technology. The visit not only provided a good insight into the quality of research happening in the area of space technology but also gave great exposure to the students about the future career prospects and areas of research in applied sciences. The Industrial Visit was a great benefit for the students to directly understand about the various concepts of satellite and space missions done by ISRO.

STUDENT EXPERIENCE ON INDUSTRIAL VISIT

A REPORT ON ONE DAY INDUSTRIAL VISIT

Place of visit: Indian space Research Organization (ISRO)

Date: 27TH February ,2023.

A batch of 8th semester students of Department of Computer Science and Engineering along with faculties Prof. Madhushree and Prof. Shashi Rekha G visited Indian space Research Organization (ISRO) at old airport road in Bangalore.

ISRO is amongst the largest government space agencies in the world. Its primary objective is to "harness space technology for national development, while pursuing space science research and planetary exploration." ISRO Satellite Centre (ISAC) is the lead center of the Indian Space Research Organization (ISRO) responsible for design, development, assembly & integration of communication, navigation, remote sensing, scientific and small satellite missions.

For the benefit of students there is a space exhibition center at ISAC. We were able to see the exhibition. The exhibition included the models of the first Indian satellite Aryabhata, APPLE, INSAT series etc. Satellites are basically of two types- Indian Remote Sensing (IRS) satellites and communication satellites. IRS-1A was the first remote sensing mission undertaken by the Indian Space Research Organization (ISRO).

We had the opportunity to see the electronic components and other resources used in the development of satellites. We were briefed about the future projects of ISRO such as Gaganyaan and the 'clean room' concept for assembling of satellites were shown to us. Currently scientists were working on OCEANSAT-2 which will be launched in 2022/2023. A video depicting the moon mission of 'Chandrayaan' was also displayed. Along with the videos the information about various components in the satellites and their purposes were explained. We were also told how the fishermen are benefitted by OCEANSAT. We were also told about factors affecting the satellite such as the temperature fluctuations, vibrations etc. The scientists also told that the above mentioned conditions are simulated and the satellite is tested against the conditions before sending it for a launch. We were also informed about the heights at which different types of satellites operate. At last, the question and answer session was really informative as scientists answered many of the doubts which students had about satellite launching and conditions under which satellites operate at the outer space.

Academic Year: 2022- 2023

OUTCOME OF THE VISIT:

- It provided a Technical Exposure to the students about Space Technology and advancements in Technology.
- The visit not only provided a good insight into the quality of research happening in the area of space technology but also gave great exposure to the students about the future career prospects and areas of research in applied sciences.
- The Industrial Visit was a great benefit for the students to directly understand about the various concepts of satellite and space missions done by ISRO.

Name/Title of the Activity/Event	Higher Education in Abroad
Date of Organization	29 th March 2023
Venue (with address)	ALH110, SCE, Bangalore
Organized by (Resource Person)	Department of Computer Science and Engineering. Resource Person: Mrs. Debasmita, Assistant Branch head at AECC study abroad Consultants
Objectives of the event/activity	Gain insight on higher education
Participants (Please attach list of participants, if it is organized/conducted in the dept.))	6 th Semester CSE students
Mention organized /participated/attended	Prof. Madhushree, Prof. Shashi Rekha G

Event Description:

Talk was conducted for the benefits of enhancing and improving the knowledge towards higher education 6TH Semester Students of Department of Computer Science and Engineering, Sapthagiri College of Engineering, Bangalore on 29th March 2023. She counseled the student towards higher studies in top universities in countries like the UK, the USA, Australia, New Zealand, Ireland, Canada, Dubai and Germany. She gave insight towards how to enter the top universities briefly discussed about the steps need to be followed to enter universities. Students were interacting throughout the session as it was more interactive.

Event Description:

Webinar was organized for the benefit of enhancing the importance and improving the knowledge of students on planning for start-up. The resource person Mr. Hemanth Y K delivered the speech on how to plan for start-up, registration process for the start-ups and also on yearly mandatory compliances. The resource person spoke about legal terms and Ethics for start-ups, also discuss about important fields to start a start-up. Mentioned the differences between startups and corporation and also pros of working at start-ups. The webinar was arranged for 2nd sem, 4th sem and 6th semester CSE students on 29th may 2023 at Sapthagiri College of Engineering, Bangalore. 4th and 6th sem students participated via Google meet.

Mention organized /participated/attended	Dr. Kamalakshi Naganna, Prof. Roopa Banakar

Event Description:

Alumni talk was conducted for the benefits of enhancing and improving the knowledge of students on trending technologies with industry perspective for 4th semester students of Department of Computer Science and Engineering, Sapthagiri College of Engineering, Bangalore on 28th July 2023. Alumni spoke about scrum and sprint in agile software development. Scrum is an agile project management framework that helps teams structure and manage their work through a set of values, principles, and practices. Scrum describes a set of meetings, tools, and roles that work in concert to help teams structure and manage their work. Sprints are at the very heart of scrum and agile methodologies. A sprint is a short, time-boxed period when a scrum team works to complete a set amount of work.

*Type of event/activity	Workshop
Name/Title of the Activity /Event	Workshop on Innovative Design and Thinking
Date of Organization	26 th and 27 th July 2023
Venue (with address)	Academic Block 305, 306
Organized by (Resource Person)	Prof. Pooja and Team from RV Institute of Management
Objectives of the event/activity	To enhance the Innovative thinking knowledge of the students
Participants (Please attach list of participants if it is organized/conducted in the dept.)	2 nd sem CSE students
Mention organized /participated/attended	Prof. Vyshnavi M Prof. Shwetha A B Prof. Lavanya K

Event Description:

Workshop was conducted for the benefits of enhancing and improving the knowledge of Innovation and design thinking in IT for all the 2nd semester Students of Department of Computer Science and Engineering, Sapthagiri College of Engineering, Bangalore on 26th & 27th July 2023. The resource person for this workshop was from RV Institute of Management Prof. pooja and team members. Resource person gave a intellectual talk on design thinking which is a powerful tool, all professionals can benefit from. By developing design thinking skills, one can become more creative problem solver. The five important phases of design thinking was explained very well and also how it can be applied to real life problems to get the best solutions from user perspective.

The following activities were conducted as part of the workshop:

- Students were grouped together into 10 batches.
- Each batch was assigned with problem statement.
- students were asked to find the solution by applying design thinking.
- Students were evaluated in all the five phases.
- The students with the best solution and presentation skills was declared as winners.
- The certificate was awarded by the Principal sir to the winner team.

Mention organized /participated/attended	Dr. Kamalakshi Naganna, Prof. Roopa Banakar

Event Description:

Alumni talk was conducted for the benefits of enhancing and improving the knowledge of students on preparation for facing the interviews confidently with industry perspective for 4th semester students of Department of Computer Science and Engineering, Sapthagiri College of Engineering, Bangalore on 3rd June 2023. Alumni spoke about assessments being taken for employees in the companies, how to keep ourselves up-to-date with the current technologies. Alumni enlightened on how to prepare for the interview by making the foundation strong in programming languages, and having a thorough knowledge about it will help in facing the interview confidently.

*Type of event/activity	Technical Talk
Name/Title of the Activity/Event	Introduction To Capstone Project
Date of Organization	19 th April 2023
Venue	Seminar hall
Organized by (Resource Person)	Department of Computer Science and Engineering. Resource Person: Mr. Mark Brandon Venum
Objectives of the event/activity	To enhance the knowledge of doing Project
Participants (Please attach list of participants, if it is organized/conducted the dept.)	6 th sem CSE students
Mention organized /participated/attended	Prof. Sheela Rani C M/Prof. Er. Rakesh Kalshetty

Event Description:

Technical talk was conducted for the benefits of enhancing and improving the knowledge of doing Project with industry perspective for all the 6th semester Students of Department of Computer Science and Engineering, Sapthagiri College of Engineering, Bangalore on 19th April 2023. The capstone project has become an integral part of the university degree curriculum. It can take many various forms, but its purpose remains the same. The capstone project is a unique opportunity to carry out independent group research in order to devise an innovative solution for a real-world problem. While a project of this scope and scale can be challenging, it can also be very rewarding.

The capstone project is usually the final assignment and plays a vital role in preparing students for the world of work thanks to its practical applications and ability to help hone students' professional knowledge and skills.

- It prepares you for the working world
- It helps build your CV and help you stand out as a candidate

Venue (with address)	https://meet.google.com/ypf-kprf-svb?pli=1
Organized by (Resource Person)	Department of Computer Science and Engineering. Resource Persons: Naga Deepthi M Ramachandra
Objectives of the event/activity	To share the Knowledge on Spring Boot and React in present real time environment.
Participants (Please attach list of participants, if it is organized/conducted in the dept.))	CSE students
Mention organized /participated/attended	Dr. Kamalakshi Naganna, Prof. Poornima GJ, Prof. Lavanya K

Event Description:

Online Webinar was conducted for the benefits of enhancing the important and improving the knowledge of students on Spring Boot and React for the real world Environment. For 8th semester students of Department of Computer Science and Engineering, Sapthagiri College of Engineering, Bangalore on 11th March 2023. Webinar light on continuous assessments being taken for employees in the companies, how to keep ourselves up-to-date with the current technologies. They enlightened on basic knowledge about how React is used to build user interfaces on the front end. Spring Boot is popular to develop Restful web services and micro services. They let you use state and other React features without writing a class, easy to use view in Java Script and more information is covered in the Webinar.

*Type of event/activity	Alumni Talk
Name/Title of the Activity/Event	Talk on facing company interviews
Date of Organization	25 th February 2023
Venue (with address)	Room no. 114, Dept. of CSE
Organized by (Resource Person)	Department of Computer Science and Engineering. Resource Persons: Revathi D and Anusha D B
Objectives of the event/activity	To give exposure on facing technical round and company interviews.
Participants (Please attach list of participants, if it is organized/conducted in the dept.)	3 rd Semester CSE students
Mention organized /participated/attended	Dr. Kamalakshi Naganna, Prof. Roopa Banakar

Event Description:

Alumni talk was conducted for the benefits of enhancing and improving the knowledge of students on how to prepare for the technical round and face the interview confidently with industry perspective for 3rd semester students of Department of Computer Science and Engineering, Sapthagiri College of Engineering, Bangalore on 25th February 2023. Alumni threw light on continuous assessments being taken for employees in the companies, how to keep ourselves up-to-date with the current technologies. They enlightened on how to prepare for the interview by having learnt and making the foundation strong in one of the programming languages, and having a thorough knowledge about it will help in facing the interview confidently.

*Type of event/activity	Infosys Campus Connect Briefing Session
Name/Title of the Activity/Event	Infosys Campus Connect Briefing Session
Date of Organization	19 th JANUARY 2023
Venue (with address)	Seminar Hall, Library Block Bangalore
Organized by (Resource Person)	Infosys ,Mrs.Pruthvi Adishesha
Objectives of the event/activity	To enhance the knowledge of students on real world scenario and get practical exposure on various subjects.
Participants (Please attach list of participants, if it is organized/conducted in the dept.))	3 rd and 5 th Semester CSE students.
Mention organized /participated/attended	Dr. Kamalakshi Naganna, Prof. Poornima G J, Prof. Roopa Banakar

Event Description:

Infosys Campus Connect Briefing Session was organized for the benefits of enhancing and improving the knowledge of students on various Online Certification Courses with industry perspective for the 3RD and 5th Semester Students of Department of Computer Science and Engineering, Sapthagiri College of Engineering, Bangalore on 19th January 2023. The resource person Mrs. Pruthvi Adishesha took over the session and briefed about the Springboard details. Also encouraged students to attend more such kind of events. Students were advised to take more such certification courses in future which would build their technical skills. Students were interacting throughout the session as it was more Interesting. The resource person offered a small quiz round for the students, which made the session more interesting.

*Type of event/activity	Technical Talk
Name/Title of the Activity/Event	5G TECHNOLOGY
Date of Organization	6 th January 2023
Venue (with address)	Seminar hall
Organized by (Resource Person)	Department of Computer Science and Engineering. Resource Person: Mr. Rathnakar Kayyar
Objectives of the event/activity	To enhance the knowledge on 5G TECHNOLOGY
Participants (Please attach list of participants, if it is organized/conducted in the dept.))	CSE students
Mention organized /participated/attended	Prof. Divyamani M K/Prof. Sheela Rani C M

Event Description:

Technical talk was conducted for the benefits of enhancing and improving the knowledge of **5G TECHNOLOGY** with industry perspective for all the Students of Department of Computer Science and Engineering, Sapthagiri College of Engineering, Bangalore on 6th January 2023. The following topics were discussed in the sessions:-About **5G Sidelink** is a core topology of the 5G system design that enables direct communication between two devices without the participation of a base station in the transmission and reception of data traffic. **Major classes of 5G IoT. Ubiquitous wireless intelligence-** As one of the typical networking paradigms for Internet of Things, the Internet of Vehicles (IoV) enables seamless information dissemination and task processing among vehicles equipped with onboard sensing, communication, computing, and storage capabilities. With the development of advanced artificial intelligence (AI) techniques, it is envisioned to realize the ubiquitous intelligence for IoV. Different network entities including connected vehicles, wireless base stations, edge/cloud servers, aerial/space-assisted devices (e.g., drones, satellites), are expected to efficiently interact to perceive, reason, and make intelligent decisions based on context awareness for improving the networking and computing effectiveness. Highly responsive task computing, adaptive networking, and efficient resource control are imperative for the implementation of intelligent, safe, and ubiquitous IoV to satisfy increasingly differentiated vehicular application requirements

*Type of event/activity	Hackathon
Name/Title of the Activity/Event	Hackathon
Date of Organization	02 December 2022
Venue (with address)	Seminar Hall, Civil Block, SCE
Organized by (Resource Person)	Department of Computer Science and Engineering. Resource Person: Dr. Vimuktha E Salis.
Objectives of the event/activity	To formulate solutions on the given problem statement in various domains
Participants (Please attach list of participants, if it is organized/conducted in the dept.))	3 rd , 5 th & 7 th Semester students of all Branches.
Mention organized /participated/attended	Dr. Lavanya N L, Prof. Hemalatha K, Prof. Kruthi TC & Prof. Vanitha G.P.

Event Description:

The inauguration of **HACKATHON** was held on 2nd December 2022 at 10:30 a.m. in the seminar hall.

The chief guest of the day, **DR.H. RamaKrishna**, Principal, SCE, & **Dr. Vimuktha Salis**, Associate Professor of Global college of Engineering arrived and were received by the head of the department.

The inaugural ceremony was then declared open with the lighting of the lamp done by the Chief Guests of the day.

Dr. Kamalakshi Naganna, HOD of CSE, formally welcomed all the dignitaries present on the dais and participants from various departments, colleagues & students. She mentioned about the significance of "Hackathon".

Dr. H Ramakrishna then gave his speech and encouraged the students with his warm and motivating words.

Dr. Vimuktha Salis, she motivated everyone to actively participate in the "Hackathon" to get benefited.

Program was hosted by 7th sem student Sneha

In the end, Sanjana Patil of 7th Sem offered a vote of thanks to all invited guests and participants for gracing the occasion by their solemn presence.

About hackathon:

Hackathon is an event where group of students engaged in rapid and collaborative engineering over short period of time, to come up with solutions for the given problems in various domains.

*Type of event/activity	Industrial Visit
Name/Title of the Activity/Event	<u>ISRO UPSC</u> Industrial visit
Date of Organization	16 th March ,2023
Venue (with address)	OLD airport road ,Bangalore
Organized by	Department of Electronics and Communication Engineering.
Objectives of the event/activity	The objective of the visit was to provide a Technical Exposure to the students about Space Technology and advancements in Technology
Participants	3 rd Semester E C E students
Mention organized /participated/attended	Prof. Ravishankar M.N, Prof. Agalya P

Event Description:

A one day Industrial visit to **Indian space Research Organization (ISRO)**, Bangalore was organized by the Department of Electronics and Communication Engineering on 16th March 2023 with the lead role taken up by our beloved Head of the department **Dr. Sateesh Kumar** to organizing the visit. It was a half day visit comprising of 55 students from 3rd semester along with faculties **Prof. Ravishankar M.N, and Prof. Agalya P**. The objective of the visit was to provide a Technical Exposure to the students about Space Technology and advancements in Technology. The visit not only provided a good insight into the quality of research happening in the area of space technology but also gave great exposure to the students about the future career prospects and areas of research in applied sciences. The Industrial Visit was a great benefit for the students to directly understand about the various concepts of satellite and space missions done by ISRO.

ISRO is among the largest government space agencies in the world. Its primary objective is to "harness space technology for national development, while pursuing space science research and planetary exploration." ISRO Satellite Centre (ISAC) is the lead center of the Indian Space Research Organization (ISRO) responsible for design, development, assembly & integration of communication, navigation, remote sensing, scientific and small satellite missions.

For the benefit of students there is a space exhibition center at ISAC. We were able to see the exhibition. The exhibition included the models of the first Indian satellite Aryabhata, APPLE, INSAT series etc. Satellites are basically of two types- Indian Remote Sensing (IRS) satellites and communication satellites. IRS-1A was the first remote sensing mission undertaken by the Indian Space Research Organization (ISRO).

OUTCOME OF THE VISIT:

- It provide a Technical Exposure to the students about Space Technology and advancements in Technology.
- The visit not only provided a good insight into the quality of research happening in the area of space technology but also gave great exposure to the students about the future career prospects and areas of research in applied sciences.
- The Industrial Visit was a great benefit for the students to directly understand about the various concepts of satellite and space missions done by ISRO.

Report of TALK on "Cracking a top – 100 AIR at the GATE "

- ✦ The Department of Electronics & Communication Engineering in association with STUTI committee organized seminar on "Cracking a top – 100 AIR at the GATE" on 8th November, 2022 for students across various disciplinary of engineering. The students attended the talk. The talk was successfully organized and carried out by the Electronics & Communication Engineering department.
- ✦ Objective of the Seminar: The seminar gave the students information about the importance of GATE exams for higher education and also the benefits of career opportunities. This talk was given by the speaker **Mr. Prateek Mishra** provided information on how to prepare for the GATE exams. This seminar is very useful for students to clear the GATE exams.
- ✦ The speaker provided information on benefits and career opportunities of GATE exams.
- ✦ Overall the students felt that the session was informative & gain knowledge .

Report on talk

With the vision of helping students with the best in class- education, Department of Electronics and Communication of Sapthagiri College of Engineering hosted a talk on 21/4/2023 on **"Career guidance on Technical Profile Building and higher education"**

The session began with the introduction of speaker by student, Swathi.P. Mr MARK BRANDON VERNUM, Bengaluru was the speaker of the session. The objective of this talk was to improve students skills and practical knowledge by giving examples, also said about the opportunity for internship with stipend around Rs10,000 to 30,000 and also to work on real time project, where practical knowledge will be gained helps to improve placements.

Speaker Profile

Name : MARK BRANDON VERNUM

BTL Head - Imarticus Learning

Strategic Partnerships Head – BYJU's

Communications and Operations Specialist - JCPenney

PR Advisor and Consultant - Kadence India

National Awardee Musician, Social Worker Academic Researcher

Voice over artist/MC for several documentaries/events and winner of several theatre accolades ,7+ years experience in sales and mentoring for Trinity College of London Academics

HOD ECE

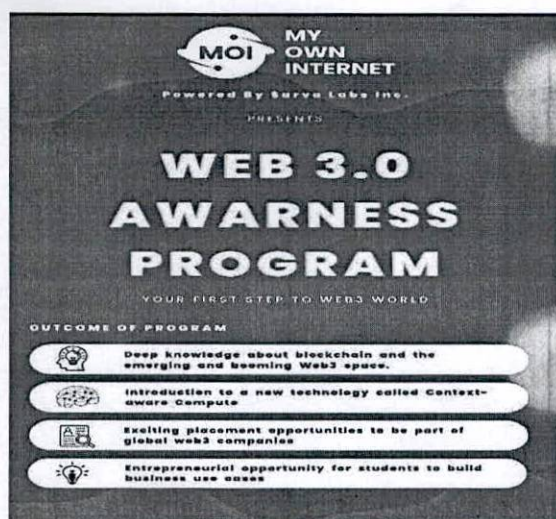

Report on Technical Seminar

With the vision of helping students with the best in class-education, Department of Electronics and Communication of Sapthagiri College of Engineering hosted a Technical SEMINAR on 23/11/2022 and 24/11/2022 on “WEB 3.0 AWARENESS PROGRAM”.

Mr. Omkar Kushal N K (Founder, CEO @ Platon Services PVT LTD) and Geetika Gahlot (WEB 3 Marketing & Community) were the speakers of the session. The objective of this seminar was to throw light on the new innovations in the field of WEB 3.0.

The session began with welcome address and the introduction of speaker by Harshan Gowda K H, student, 7th sem ECE, SCE, Bangalore. The speaker gave a brief insight about the field of WEB 3.0 and how it can be related to electronic engineering to make various inventions.

Brochure

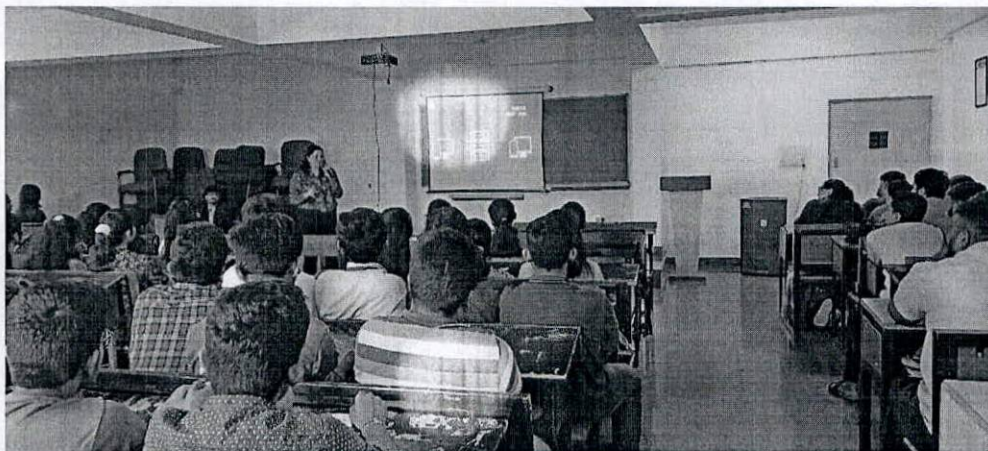

Addressing the students

Initially, speaker gave the information of WEB 1.0, WEB 2.0 and MOI (My own internet). It is MOI, the primary offering of Sarva Labs, is a decentralized global web3 network that supports humanized interactions on the internet enabling true P2P value transfers and personalized digital

 Principal
 Sapthagiri College of Engineering
 14/5, Chikkasandra, Hesaraghatta Main Road
 Bengaluru - 560 057

interactions. MOI is built using the Interaction State Machine (ISM), a revolutionary new computational model created by Sarva Labs specifically for the web3 world. Using the ISM technology, MOI delivers a simple, secure and sustainable web3 experience for users by enabling a single web3 network capable of hosting millions of nodes to support billions of transactions with complete user privacy, ownership and control. With a practical and equitable governance model, the value generation is democratic, while offering flexibility to support the social and regulatory norms of respective environments.

At the end of the session, he also answered the questions put up by students. The session ended with vote of thanks. Overall, it benefitted around 300+ students of 3rd, 5th, 7th semester Electronics and Communication Engineering students.

Type of Event/Activity	Special Talk
Name/Title of the Event / Activity	Mentoring connecting with students
Date of Conduction	26/11/2022
Venue (with address)	Room no.406, Academic block, Sapthagiri College of Engineering, Bangalore.
Organized by	Department of EEE
Objectives of the event/activity	<ol style="list-style-type: none"> 1. To create awareness about mentoring process 2. To update the skill of the faculties required to mentor the students.
Participants (Please attach list of participants, if it is organized/conducted in the dept.))	110 Faculties

Event Description: The EEE department has organized programme for **Mentoring connecting with students**. () resource person was Dr H S Ganesha Bhatta, Former Principle M.E.S Teachers college. In his talk he conveyed Mentorship is a huge part of education. It goes further than teachers mentoring their students, though. Peer-to-peer mentorship schemes can provide students with extra support from people who've been in their situation. This can help to boost their confidence, improve their grades, and even help with their career prospects. After all, many great job opportunities come from networking.

Monthly Event Report for the month of December 2022
DEPARTMENT OF ELECTRICAL AND ELECTRONICS ENGINEERING
Report of "INDUSTRIAL AWARENESS PROGRAM"

Activity 1

Type of Event/Activity	Special Talk
Name/Title of the Event / Activity	"Industrial awareness program"
Date of Conduction	03/12/2022
Venue (with address)	Department of EEE-Room no. 406
Organized by	Department of EEE
Objectives of the event/activity	(i) The students must learn to understand overview of Industry . (ii) Its benefits to the industry to enhance business excellence. (iii) The Industrial Internet of Things.
Participants (Please attach list of participants, if it is organized/conducted in the dept.))	100 (5 th & 3 rd sem. EEE Students)

Event Description:

The EEE department has organized programme for creating awareness about the Industries to students. The resource person Mr. Anand T Visionary Founder and CEO of Swifterz Creative Services and President of ASSET Society. In his talk he has given the overview of automation and its importance to the students and provide them with a platform to work on in the near future. the knowledge of the role of instrumentation in an industry, how to join/apply for job in industry, importance of GATE, NET etc. in various fields, and opportunities for instrumentation engineers in and outside the state/country to the students. Industry awareness events include a chance to learn more about the industry, speak directly with employers and register for the Build Force programme which could lead to placement or even to full time employment.

Activity 4

REPORT OF FDP

Name of Event	"Application of Scilab/wx-Maxima in Engineering Mathematics"
Date	26.12.2022 to 30.12.2022
Place of the event conducted	ALH407
Faculty Coordinators	Dr. Shweta Naik Prof. Ramya M

Faculty development program was organized at SCE, by Department of Mathematics in association of department of Electrical and Electronics Engineering from 26th December, 2022 to 30th December, 2022 on "Application of Scilab/wx-Maxima in Engineering mathematics". Scilab/Maxima is mathematical and scientific calculation software, open source, very useful for all science and engineering researches, teachers and students in academics particularly.

Invitation and Brochure:

"Application of SCILAB/ wxMAXIMA
in Engineering Mathematics"
Organised by
Department of Mathematics
and
Department of Electronics and Electrical
Engineering

26th December – 30th December, 2022
(5 days)

About Sathagiri College of Engineering:

Sathagiri College of Engineering (SCE), Bengaluru, was established in the year 2001 by Srinivasa Education and

Charitable Trust accredited with NAAC 'A' grade and NBA Accredited with a vision to transform its students into competent, inspired and responsible professionals. SCE has established a system of imparting a world class quality education through good infrastructure, qualified faculty and good ambience. It has research centres in order to provide an excellent learning platform. We occupy a place of prominence among the leading engineering colleges under VTU.

About the departments:

The department of Mathematics has come into existence with the inception of the institution in the year 2001. The department imparts knowledge of applied mathematics for the students to employ the mathematical skill in the technical field. The department of Electrical and Electronics started functioning in the year 2004 & the program is accredited by the National Board of Accreditation (NBA) in Tier-II-2021.

Program - An Overview:

Scilab started as Blaise, a computer aided control system design software in the 80's. It was developed by Francois Delebecque and Serge Steer at IRIA in order to provide a tool in automatic control for researchers. In 2017, Scilab Enterprise was acquired by the ESI Group. ESI Group remains committed to a free and open source Scilab software for numerical computation. Scilab is free and open source software for numerical computation providing a powerful computing environment for engineering and scientific applications. Maxima is based on a 1982 version of Macsyma, which was developed at MIT with funding from the United States Department of Energy and other government agencies. Like most computer algebra systems, Maxima supports a variety of ways of reorganising symbolic algebraic expressions, such as polynomial factorization, polynomial greatest common divisor calculation, expansion, separation into real and imaginary parts, and transformation of trigonometric functions to exponential and vice versa. Maxima includes a complete programming language with ALGOL-like syntax but Lisp-like semantics.

RESOURCE PERSONS:

Mr. Anthony Christy Molson Assistant Professor, Department of Mathematics BMS College of Engineering Bangalore	
Prof. A. Damodaran Assistant Professor Department of EEE SCE Bangalore	
Dr. Chandra Shekara G. Assistant Professor Department of Mathematics BMS College of Engineering Bangalore	

CHIEF PATRONS

Shri. Q. Dayanand	-Chairman, SCE
Shri. G.D. Manoj	-Executive Director, SCE

ADVISORY

Dr. K. S. Venkateshappa	-Administrative Officer, SIMS
Dr. H. Ramakrishnan	-Principal, SCE

CONVENER

Prof. Parthwanath P. Head, Department of Mathematics, SCE
Dr. Rakha S. H. Head, Department of Electrical and Electronics Engineering, SCE

Dr. Shweta Naik	-Assistant Professor
Prof. Ramya M.	-Assistant Professor

Principal
Sathagiri College of Engineering
14/5, Chikkasandra, Hesaraghatta Main Road
Bengaluru - 560 057

Objectives of the Programme:

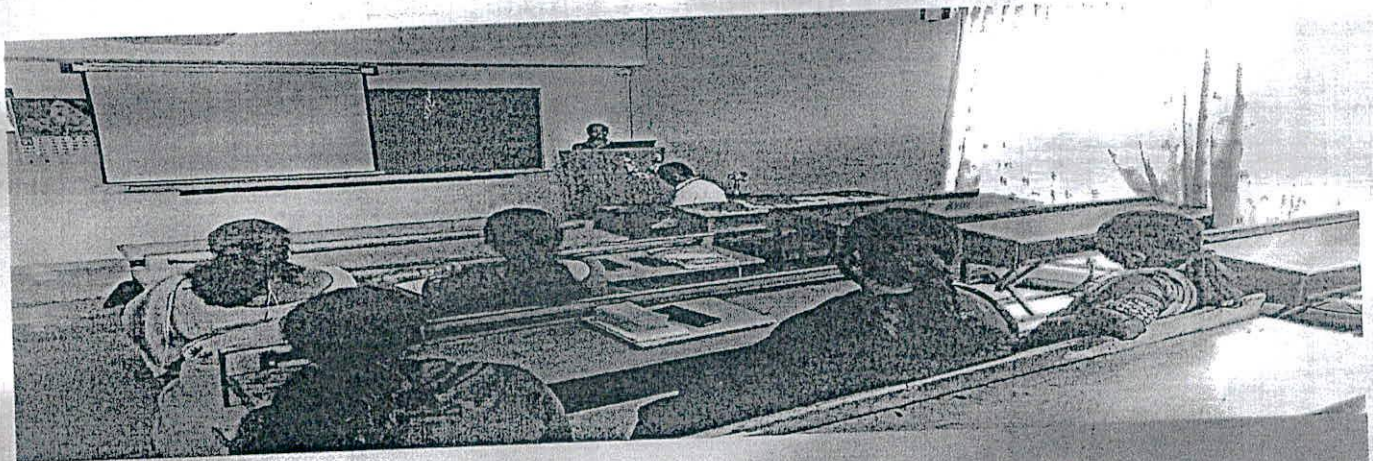

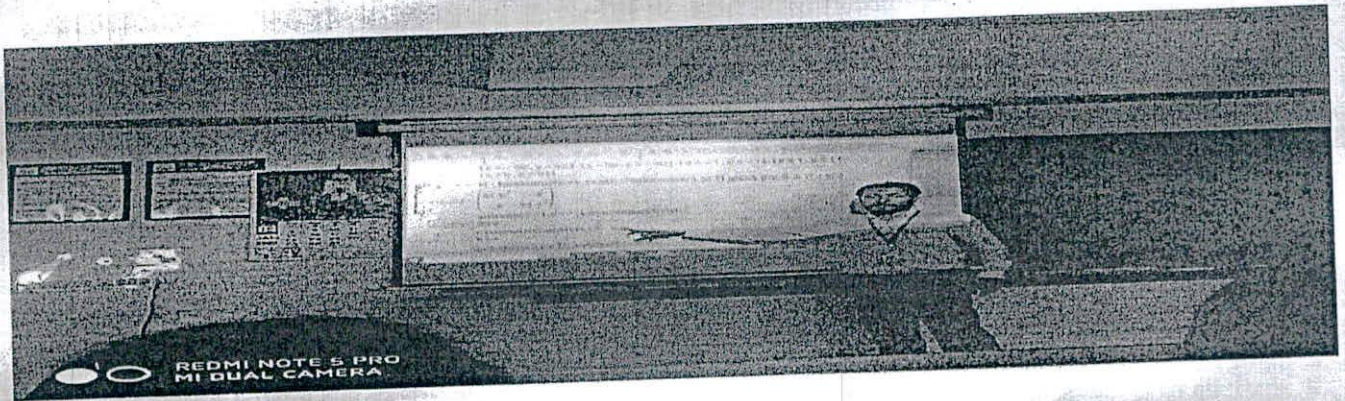

- To provide a platform to the participant to acquire knowledge about different tools like scilab/wx-Maxima.
- For creating the awareness about the use of tools for the research.
- Scilab includes optimization, statistics, maths and simulation, signal processing, application development, 2-D and 3-D visualization and the control system design and analysis.

Principal
 Sapthagiri College of Engineering
 14/5, Chikkasandra, Hesaraghatta Main Road
 Bengaluru - 560 057

Brief Summary of Sessions:

- Dr. Chandrashekara explained matrix calculations, various methods to solve linear equations such as Gaussian methods, the interpolation concept which is the part of numerical methods, solution of ODE using Scilab program.
- Dr. Anthony Christy Melson demonstrated many examples to show how Maxima can be used as a calculator. He also did programming on Maxima to solve mathematical problems.
- Prof. Dhamodharan explained introduction to Scilab and its benefits, various self-learning platform through spoken tutorials. Also explained the installation of Scilab on Windows Operating System, and gives various vector operations.

Monthly Event Report for the month of February 2023

Activity 1

Type of Event/Activity	A Technical Event
Name/Title of the Event / Activity	"MINI-PROJECT EXHIBITION"
Date of Conduction	06-02-2023
Venue (with address)	ELECTRONICS LAB/SIMULATION LAB, Dept.of EEE, SCE
Organized by	Department of EEE
Objectives of the event/activity	<ul style="list-style-type: none"> ➤ All students of III sem and V sem EEE department participated actively. ➤ This event helped them to identify and upgrade the student innovation interaction, technical and communication skills
Participants (Please attach list of participants, if it is organized/conducted in the dept.)	129

Event Description:

The program started by welcoming the Chief guests and dignitaries on the Dias. The Event started with inauguration at 10:30am by Dr. K. N Ravi, Rtd Joint Director CPRI, Bangalore and Dr. R S Aradhya, Rtd Director, CPRI, Bangalore. Principal addressed the gathering and encouraged the students to participate in all the Technical events actively. Inauguration was followed by evaluation of mini-projects done by III sem and V sem students of EEE department. Valedictory function was arranged after completion of evaluation of all batches and prize distribution was done by the chief guests for the top 2 best projects in III sem and V sem.

Monthly Event Report for the month of May 2023

Activity 1

Type of Event/Activity	Conference
Name/Title of the Event / Activity	"International Conference ICGCP 2023"
Date of Conduction	5 /05/2023 to 7/05/2023
Venue (with address)	Department of EEE-Room no. 407
Organized by	Department of EEE
Objectives of the event/activity	(i) The students must learn to write a paper in IEEE format (ii) It benefits the students to enhance presentation and communication skills.
Participants (Please attach list of participants, if it is organized/conducted in the dept.)	95(8 th sem. EEE Students)

Event Description:

The EEE department had organized international Conference ICGCP (2023) for creating awareness about Paper presentation and improve the presentation skills of the students. The Session chairs were Dr.Madhu Palati from BMSIT and Dr.Prema from BMSCE. All the students presented their papers based on their project work. The session chairs gave valuable inputs for the students for improving their technical knowledge and communication skills. All students were benefitted from the International Conference. Students and faculties from other colleges also participated in the conference. The Session chairs were given momentos as token of appreciation.

Name/Title of the Event / Activity	"FAREWELL"
Date of Conduction	27-05-2023
Venue (with address)	Room No. 405, Dept.of EEE, SCE
Organized by	Department of EEE
Objectives of the event/activity	<ul style="list-style-type: none">➤ All students of VI sem EEE department organized the programs and co-ordinated actively.➤ This event helped them to showcase talent, co-ordination, involvement and seniors were happy to see our arrangements which was specially created for them.
Participants (Please attach list of participants, if it is organized/conducted in the dept.)	135

Event Description:

The seniors were welcomed with shower of flowers, they were surprised to watch the class filled with the memories. Then the program was started at 10am with a welcome song and a kathak dance. Then it was made a little fun by making seniors involve in the games which was well organised by the game coordinators. At 11:30pm principal arrived, Sir addressed the gathering then it was followed by cake cutting and the lunch was provided for all. After lunch again at 1am the program continued with gracefull dance and an instrumental band group by seniors was an mesmerizing performance. At last the photography coordinators of VIth sem created a film of seniors photos which was the memorable part of the program.

Name/Title of the Event / Activity	"Communication Skills"
Date of Conduction	17 /05/2023 to 3/06/2023
Venue (with address)	Department of EEE-Room no. 406
Organized by	Department of EEE
Objectives of the event/activity	(i) The students must learn to understand overview of how to face challenges (ii) Its benefits to the students to enhance business communication skills. (iii) Digital foot print, Effective use of social media.
Participants (Please attach list of participants, if it is organized/conducted in the dept.))	24(3 rd sem. EEE Students)

Event Description:

The EEE department has organized internship Programme for creating awareness about communication skills of students. The resource person Ms. Pallavi TS Assistant Professor Sapthagiri College of Engineering Bangalore. In her talk communication skills are the abilities you use when giving and receiving different kinds of information. Some examples include communicating new ideas, feelings or even an update on your project. Communication skills involve listening, speaking, observing and empathizing. Communication skills may take a lifetime to master—if indeed anyone can ever claim to have mastered them. There are, however, many things that you can do fairly easily to improve your communication skills and ensure that you are able to transmit and receive information effectively. Developing your communication skills can help all aspects of your life, from your professional life to social gatherings and everything in between. In your personal life, good communication skills can improve your personal relationships by helping you to understand others, and to be understood. Communication skills can also ensure that you are able to manage interactions with businesses and organizations.

Name/Title of the Activity/Event	Technical Talk on, Innovation in Electric Vehicle Technology & Entrepreneurial Opportunities
Date of Organization	22/07/2023 11.00AM
Venue (with address)	CLH- 405, Sapthagiri College of Engineering, Bangalore.
Organized by	Department of Mechanical and Electrical & Electronics Engineering
Objectives of the event/activity	<ol style="list-style-type: none"> 1. Orient / Guide the students on opportunities in the field of Electrical Vehicles. 2. Motivate the students to develop projects and carry out research in the field of Electrical Vehicles and Solar Energy. 3. Orient the students on the initiatives related to environment protection and sustainability. 4. To provide an opportunity to interact and discuss about the future of Electrical Vehicles.
Participants	106 Students and 08 faculty members (List enclosed)
Mention organized /participated/attended	Organized by Department of Mechanical & Electrical and Electronics Dept.

Event Description:

Technical Talk on, **Innovation in Electric Vehicle Technology & Entrepreneurial Opportunities** was organized by the department of Mechanical and Electrical & Electronics Engineering on 31/07/2023 11.00AM. The resource person, **Mrs. Lalitha Anil**, The Co Founder and Director, Eko Vehicles Private Limited addressed the students of 4th Semester Mechanical and Electrical & Electronics Engineering and faculty members. During the session the resource person covered in detail about the concepts related to Electrical Vehicles and highlighted on the present scenario of Electrical vehicles in India and abroad. She also encouraged the students to contribute to the field of Electrical vehicles by continuing further study and research in the area. She also highlighted on the entrepreneurial opportunities for Mechanical and Electrical students in the field of Electrical vehicles. Students interacted with the resource person and clarified their doubts at the end of session.

3. How do you rate the value addition by speaker ?

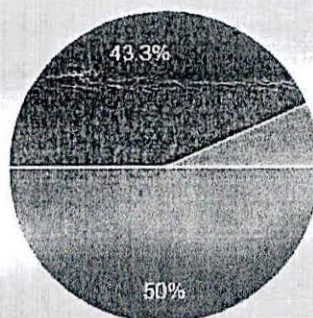

30 responses

● Excellent
● Good
● Fair

4. To what extent the presentations & interactions motivate you to take-up further study / Research in the field of Electric Vehicles?

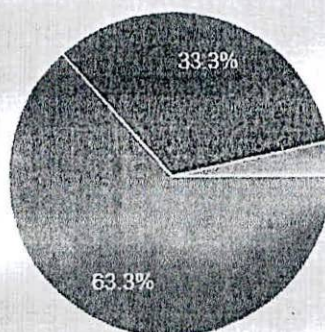

30 responses

● To a large extent
● To some extent
● Not much

5. How do you rate your overall experience related to Technical Talk on Electric Vehicle?

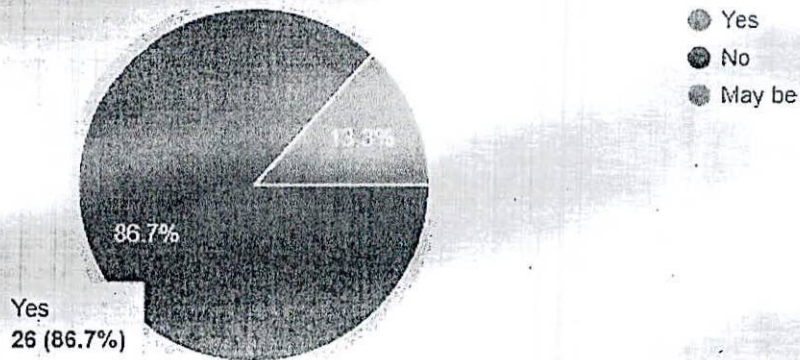

30 responses

● Excellent
● Very Good
● Average

6. Do you express your willingness to participate in more Technical Talks at Sapthagiri College of Engineering?

30 responses

7. Your valuable Comments / Suggestion for improvement in the event.

Nothing
Very good
Informative
It was good
Great event
More interesting personalities
Valuable technical talk
It was useful
Excellent
We would like to learn new things
The session was informative
The session was informative
Session was good
Session was curious and informative
Could have made it more interestingly
It was very useful
The tech talk was so expressed and I learnt many things from that
THE BEST EVENT
Good knowledge
Excellent impact
We can't hear when the Mike is off
The talk was well organized
GOOD JOB
