Event Description:

The talk was conducted for the benefit of enhancing and improving the skill and innovative thinking with self-employment perspective for all the Students of Department of Electronics & Communication Engineering, Sapthagiri College of Engineering, Bangalore on 22nd February 2023. The following topics were discussed in the sessions: -About **Entrepreneurship** brief insight about the risk taking activity and challenging tasks, needs utmost devotion total commitment and greater sincerity with full involvement for his personal growth and personality. The young entrepreneur should be motivated to come out with determination to do something of their own and to contribute to the national income and wealth in the economy. If the country wants to achieve the growth at the grass root level, through social justice and the eradication of poverty, it will have to provide institutional support and structural changes in organization of financial institution to promote entrepreneurship development.

Entrepreneur by implication is one who ventures out, who prefers change as a means of growth and in the process is prepared to take a calculated risk while taking risks, aware of possibilities, success as well as consequence of failure

how to convert their Innovative Ideas and emerge as successful Entrepreneurs. Becoming an entrepreneur is an important career decision, and to plunge into this domain requires the right skill set, attitude, and behaviour.

The speaker highlighted some of the key characteristics of an entrepreneur, which are:

- 1 Empathy is instilled through entrepreneurial ideals and related "ways of thinking, doing, feeling, seeing, communicating, organizing, and learning things."
- 2 Development of strategic thinking and scenario planning skills, as well as the ability to make intuitive decisions based on little knowledge.
- 3 Stimulating a variety of entrepreneurial behaviours such as seeking for and seizing opportunities, networking, taking initiative, convincing others, and making intuitive decisions. This necessitates a diverse set of pedagogical tools.

Event Description:

The Department of Biotechnology conducted a seminar for Students under the banner of The Institution of Engineers (India), NDLI (National Digital Library of India), Student chapter and Shrishti BT forum on 12th August 2022 from 09.30AM- 11.30AM. Seminar was delivered by **Dr. Purushottam M. Dewang**, Founder & MD, CropG1; Member Board of Research, KBC North Maharashtra University, Jalgaon Member of Scientific Advisory Board, Acharya & BMR College of Pharmacy, Bangalore. The main aim of arranging the seminar is to give all the students an idea about the general view about establishing a company (Startups) and the pros and cons of an entrepreneur. The speaker spoke about his journey of becoming an entrepreneur the troubles faced by him and the way he tackled the problem. Speaker established CropG1 Company, through which they focused on developing a safe way of controlling the pest population by setting up a trap for pest. This method is advantageous as there is no usage of pesticides on plants, hence the health hazards faced by usage of pesticides can be avoided. Students were happy to learn about this method of controlling the pest in agriculture sector and also they were glad to learn about various methods and techniques involved in establishing a startup, they learnt about the various types of financial aids and marketing strategies. The Event was organized by Dr. Gouri Mirji and Dr. Chaitra B S, Assistant professors, Dept of Biotechnology, SCE, Bangalore-57
