Mention organized /participated/attended	Prof. Divyamani M K & Prof. Hemalatha K

Event Description:

Skill Enhancement program was conducted for improving the communication and presentation skills 3rd Semester Students of Department of Computer Science and Engineering, Sapthagiri College of Engineering, Bangalore on 14th October 2022. The following topics were discussed in the sessions:- Professionalism- Etiquettes: Communication Skills - Formal & pseudo- formal,E-mail writing, Presentation skills, How to face challenges, Resolving with critical thinking. Resume Building & LinkedIn Profiling: Resume Writing, format and layouts, LinkedIn profiling and Creating a Profile.Digital Literacy :Digital Footprint, Effective use of social media.

Skills training are designed to provide students with the targeted training they need to gain, the knowledge and abilities necessary to fulfill the specific requirements of their job positions. Skills training can also be used to re-educate and train students whenever new technology, processes or systems debut.

Organized by	Prof. Divyamani M K & Prof. Hemalatha K

Event Description:

Skill Enhancement program was conducted for improving the technical and development skills for 7th Semester Students of Department of Computer Science and Engineering, Sapthagiri College of Engineering, Bangalore on 22nd October 2022. The following topics were discussed in the sessions:-
Predictive data analytics, Prescriptive data analytics, Diagnostic data analytics, Descriptive data analytics. The event was made more interesting and the students were able to learn the various aspects understand of Data Analytics like:

Data analytics is the science of analyzing raw data to make conclusions about that information. Data analytics help a business optimize its performance, perform more efficiently, maximize profit, or make more strategically-guided decisions. The techniques and processes of data analytics have been automated into mechanical processes and algorithms that work over raw data for human consumption. Various approaches to data analytics include looking at what happened (descriptive analytics), why something happened (diagnostic analytics), what is going to happen (predictive analytics), or what should be done next (prescriptive analytics). Data analytics relies on a variety of software tools ranging from spreadsheets, data visualization, and reporting tools, data mining programs, or open-source languages for the greatest data manipulation.

*Type of event/activity	Placement training activity
Name/Title of the Activity/Event	**Design and Analysis of Algorithms**
Date of Organization	19/4/2023 and 20/4/2023
Venue (with address)	Department of Computer Science and Engineering
Organized by (Resource Person)	Prof. Poornima G J
Objectives of the event/activity	Placement training on Design and Analysis of Algorithms
Participants (Please attach list of participants, if it is organized/conducted in The dept.))	6th Semester Students
Mention organized /participated/attended	Prof. Poornima G J

Event Description:

In this event, Algorithms concepts and knowledge required for placement activities has been taught. Various algorithms and techniques with examples has been discussed. Students were asked to solve some of the problems and write some algorithms as well. Discussed about how to answer for technical questions in interviews. Event was conducted for 6th semester students of Sapthagiri College of Engineering, Bangalore on 19 th and 20th of April. In this training student's knowledge on concepts of Algorithms was tested as per industry standards.
