Type of Event/Activity	Discussing upcoming Technology and Advancement
Name/Title of the Event / Activity	**Upcoming Technologies in Electric Field**
Date of Conduction	**21/10/2022**
Venue (with address)	Room no.407, Academic block, Sapthagiri College of Engineering, Bangalore.
Organized by	Department of EEE
Objectives of the event/activity	1. To create awareness about upcoming Technology 2. To update the skill of the students required to face the present world.
Participants (Please attach list of participants, if it is organized/conducted in the dept.))	47 (5thsem. EEE Students)

Event Description: The EEE department has organized programme for creating awareness about the upcoming technology to students. The resource person was Kiran D, Capgemini Engineering Professional, VLSI INTEL INDIA.Kiran D is an alumni of EEE department. In his talk he has given the experience in the college and how much it helped him to face the technology in outside. And also he expressed to the students about the importance certain subjects . In his talk ,he has given an idea about VLSI. Very large-scale integration is a process of embedding or integrating hundreds of thousands of transistors onto a singular silicon semiconductor microchip. VLSI technology's conception dates back to the late 1970s when advanced level processor (computer) microchips were also in their development stages. Two of the most common VLSI devices are microcontroller. It was a wonderful talk and students are very much happy.
