Event Description:

Alumni talk was conducted for the benefits of enhancing and improving the knowledge of students on trending technologies with industry perspective for 4th semester students of Department of Computer Science and Engineering, Sapthagiri College of Engineering, Bangalore on 28th July 2023. Alumni spoke about scrum and sprint in agile software development. Scrum is an agile project management framework that helps teams structure and manage their work through a set of values, principles, and practices. Scrum describes a set of meetings, tools, and roles that work in concert to help teams structure and manage their work. Sprints are at the very heart of scrum and agile methodologies. A sprint is a short, time-boxed period when a scrum team works to complete a set amount of work.

Event Description:

The Department of Biotechnology conducted a alumni talk for Students under the banner of Th**e Institution of Engineers (India), NDLI (National Digital Library of India), Student chapter** and **Shrishti BT forum** on 11th May 2023 from 10.30AM- 11.30AM. Talk was delivered by **Mr. Koushik I M, Project Assistant Department of CES,Indian Institute of Science, Bangalore.**

The main aim of arranging the seminar is to give all the students an idea about the general view about highlights the loss, causes and the methods for conservation of biodiversity with the help of biotechnology Kodagu is rich place of biodiversity with numerous endemic flora including 436 tree species and fauna diversity including 800 species and known for heavy rain with an average annual rainfall of 2903 mm August 2018, 2019 and 2020 rain disaster resulted in flash floods and mudslides across Kodagu, where massive destruction and loss of biodiversity occurred. Biodiversity hotspot Kodagu had lost numerou indigenous species owing to human intervention such as deforestation, industrialization and urbanization along with natural calamities. Biotechnology plays crucial role in ex-situ conservation with in-vitro culture techniques. Plant tissue culture is commonly used method for regeneration of various plant specie that are endemic, endangered, threatened and rare. The Event was organized by Dr. Soumya C, Assistan professors, Dept of Biotechnology, SCE, Bangalore-57
