Type of Event/Activity	**A TECHNICAL EVENT**
Name/Title of the Event / Activity	MINI-PROJECT EXHIBITION"
Date of Conduction	14-06-2024
Venue(with address)	ALH 405
Organized by	Department of EEE, SCE
Objectives of the event/activity	• This event helped them to identify and upgrade their knowledge about recent trends in renewable energy resources and also to exhibit student talent in doing innovative projects to improve their technical skills, interaction and communication skills. • All students of II sem EEE department participated actively.
Participants (Please attach list of participants, if it is organized/conducted in the dept.)	127

Event Description:

On June 14, 2024, Mini Project Exhibition was organized for the 2nd semester students of the Electrical and Electronic Engineering Department. The exhibition aimed to provide a platform for students to showcase their innovative projects, demonstrate their understanding of theoretical concepts through practical application, and receive feedback from experienced judges.

Project Exhibition: Students presented their projects at designated booths and explained their projects to the judges.

Judging and Evaluation: The judging panel consisted of industry experts and faculty members. The evaluation criteria included:
• Innovation and Originality: The uniqueness of the project idea.
• Technical Proficiency: Understanding and application of engineering principles.
• Presentation Skills: Clarity and effectiveness in explaining the project.
• Practical Implementation: The functionality and working model of the project.

Principal
Sapthagiri College of Engineering
Chikkasandra, Hesaraghatta Main Road

- Documentation: Quality and thoroughness of the project report.

Each team had the opportunity to explain their project to the judges, highlighting the problem addressed, the solution proposed, the technology used, and the outcomes achieved.

The judges provided valuable feedback, commending the students for their creativity and technical skills.

Conclusion: The Mini Project Exhibition was a resounding success, providing students with a valuable platform to showcase their projects and gain insightful feedback. The event highlighted the importance of integrating practical experiences with theoretical learning and motivated students to pursue further innovations in their field.

Type of Event/Activity	TECHNICAL TRAINING PROGRAM
Name/Title of the Event / Activity	AI/ ML
Date of Conduction	09-05-2024 & 10-05-2024
Venue(with address)	ALH 405 & 406
Organized by	Department of EEE, SCE
Objectives of the event/activity	The program aimed to introduce students to the fundamentals of AI and ML, acquaint them with real-world applications, and provide hands-on experience through practical sessions.
Participants (Please attach list of participants, if it is organized/conducted in the dept.)	240

Event Description:

It was an insightful training program on AI/ML led by Mrs. Shailaja and Mr.Piyush. The event commenced with the welcoming of chief guests and dignitaries onto the stage. The formal inauguration took place at 8:30 AM, led by HOD of EEE department Dr. Rekha SN and students. During the inauguration, Dr. Rekha SN delivered an address, emphasizing the importance of AI.

Introduction:

The two-day training program on Artificial Intelligence (AI) and Machine Learning (ML) for 1st and 2nd-year students was conducted on May 9th and 10th, 2024. The program aimed to introduce students to the fundamentals of AI and ML, acquaint them with real-world applications, and provide hands-on experience through practical sessions.

• Sessions: The sessions revolved around fundamental concepts of AI and ML, including supervised and unsupervised learning, basic ML algorithms, and an introduction to Python programming.

Principal
Sapthagiri College of Engineering, Hesaraghatta Main Road

• **Purpose:** The goal was to provide students with a solid foundation in AI/ML principles and basic programming skills, setting the stage for more advanced topics in subsequent years.

Conclusion:

The two-day AI/ML training program provided 1st and 2nd-year students with a solid foundation in artificial intelligence and machine learning. Through a combination of theoretical sessions, practical workshops, and hands-on projects, students gained a comprehensive understanding of AI/ML concepts and their real-world applications.

The training program on AI/ML for first year and second year students was a resounding success.
