Appendix A:

In relation to your programme at the University of Sunderland, I wanted to take this opportunity to remind you of some extremely important information about your student visa. Please note that links and information were correct as of June 2021. For the most up-to-date visa information, please check the Home Office website

If you are studying a degree level (Level 6) or below there are limits on how long you can study in the UK for.

Current students needing to re-sit part of their programme are subject to the limits outlined below:

- two years for programmes below degree level (excluding time spent on a Child Student visa);
- five years for undergraduate degree programmes.

Your studies in the UK should also represent academic progress – for example, upon completion of a masters degree (Level 7) you are expected to progress to an Level 8 programme.

If you have previously studied in the UK at any time at the same level or at a higher level, the university will contact you for further information. If you did not indicate your study in the UK on CAS Shield you should contact the Immigration Compliance team via the chat function within CAS Shield. Should you require any assistance accessing CAS Shield please contact immigrationcompliance@sunderland.ac.uk

Please note if your programme requires an ATAS certificate you will need to include this in your Student Route visa application.

Acceptable financial evidence:

There are several different ways of showing the financial evidence required in support of your application. It is crucial that you check that your financial evidence meets the UK Visas and Immigration requirements outlined at <https://www.ukcisa.org.uk/Information--Advice/Visas-and-Immigration/Student-route-eligibility-and-requirements>

Ensure that your funds are held, in an active account for 28 consecutive days before making your application. The UKVI often contacts the financial institution to ensure the funds are genuinely held and can be verified.

Check that your bank statements are from one of the UKVI-approved financial institutions and that you have all the necessary documents to meet the UKVI requirements

Your bank statement must not be older than 30 days at the date of your visa application.

Funding required:

You will need to show the outstanding balance for tuition fees that is shown on your Confirmation of Acceptance for Studies (CAS). We strongly recommend that you pay your tuition fees in full before the CAS is produced, to ensure your CAS statement is as accurate as possible.

In addition to tuition fees the UKVI also require students to show evidence of maintenance funds, you will need to provide a bank statement proving availability of:

- £1,023 per month to cover living costs for each month of your programme up to a maximum of nine months -£9,207 for Sunderland students, and **any tuition fees which you still owe.**

If you are providing a bank statement with a currency that is not in £ (GBP), the University of Sunderland strongly advises you to add at least £250 to the minimum maintenance funds stated above in order to avoid problems in cases of currency fluctuations.

We strongly recommend you keep the funding you show in your account until after you have received your visa.

Please use the Oanda currency converter to ensure you have the correct amount of money in your bank account.

Immigration Health Surcharge:

You will likely need to pay a healthcare surcharge (called the 'immigration health surcharge' or IHS) as part of your immigration application. The payment will go directly into the National Health Service (NHS), and applicants will be entitled to receive the same cover as a permanent UK resident. You can start using the National Health Service (NHS) in the UK when you've (i) paid the healthcare surcharge (or are exempt from paying it), and (ii) your visa or immigration application is granted.

New students applying for Student Visa entry clearance visas can use the start and end dates shown on their Certificate of Acceptance (CAS) to calculate how much the charge will be. The cost is based on the length of the visa you are applying for.

The surcharge is calculated as £470 per year for each year of your visa. If your visa includes part of a year that is six months or less you will be charged an additional £your visa includes part of a year that is more than six months, you will have to pay £470 for this period. For example, if your CAS states that your course starts in October 2023 and ends in June 2026 you should be granted a visa from September 2023 until October 2026 and the immigration surcharge will therefore be £1645. You can use the Home Officesurcharge tool to check how much you will have to Home Offices Immigration Health Surcharge tool to check how much you will have to pay.

The Student Visa application form will direct you to the Immigration Health Surcharge (IHS) portal where you can pay the required charge.

I hope that this information is helpful to you and I wish you all the best for your studies at the University of Sunderland.
