Report on the Technical talk

Topic: "Thrust Areas for Research in Power sector - Scope and Challenges"

By

Dr. N Vasudev

Additional Director

CPRI

Bengaluru.

Date: 20.05.2017

Time: 10.30 AM to 1 PM

Venue: Seminar Hall, SCE Bengaluru.

The session started with the welcome note by Dr. KN Ravi, HOD EEE followed by lighting the lamp by dignitaries Dr Srinivasan, Director with Dr. Aswatha Kumar M, Pricipal and the speaker **Dr. N Vasudev**, Additional Director, CPRI, Bengaluru.

The speaker Dr. N Vasudev is one of the renowned researcher in Electrical Engineering and has vast research experience in the same. Speaker started the session by explaining Research not only generates useful insight and confidence but also acts as a stimulant for academic growth. Sound conceptual understanding of various research methods, research instruments, tools and techniques is an essential prerequisite for conducting empirical research. For undergoing high quality research and writing good research papers, one requires to collect, interpret and logically document the information.

The art of drawing coherent conclusions, supported by appropriate research tools and reference citation is vital for quality research work. The recent innovations in statistical applications, availability of statistical software applications allow scholars/researchers to test more complex, multilevel and dynamic models. The Research ethics and Plagarism knowledge is essential for the researcher.

Guest Lecture Report

Career Guidance Talk by BYJU's academy Expert- 18-5-2017

Mr. Amruth from BYJU's academy had an interactive session with students of 6th semester, Dept of ISE on 18-5-2017 to disseminate information on importance of higher studies and clearly explained the pros and cons of taking up GATE, GRE, CAT and GMAT exams. He made students to understand that mere job is not the need of the hour but building a career for them is very much essential in today's competitive world. After the session students were given mock test on Verbal ability and he also gave them tips-tricks used in answering Reading Comprehension questions that normally appear in GRE kind of examinations.

Subject: IPR Awareness program

To: principal@sapthagiri.edu.in, principal@sctengineering.in, principal@ssec.ac.in, sreis@gmail.com, principal@vitb.ac.in

Dear Sir,

Sub: Awareness Programme on Intellectual Property Rights (IPR)

We wish to introduce our Patent Information Centre (PIC). PIC was started in Karnataka State Council for Science and Technology (KSCST) in 2005, with the support of Technology Information Forecasting and Assessment Council, Department of Science and Technology (GOI), with the intention of creating awareness amongst students, innovators and others in Karnataka, about Intellectual Property Rights (IPR).

IPR includes patents, copyrights, trademark, geographical indications etc. PIC has organized 62 awareness workshops in various Engineering Colleges, Universities, and District Industries Centers across the state. You might be well aware of Student Project Program of our KSCST in which most of the Engineering Colleges in the State participate (in which the Council supports student projects – technically and financially – and has been organizing since last 38 years).

We wish to organize an Awareness Program on IPR at your esteemed institution. The purpose is to create awareness on IPR, particularly among students who take project / research work during course of their studies. Hence, the target participants would be mainly final year engineering students, postgraduate students and faculty members and number of participants would be about 100.

The program will consist of two presentations (one hour each) on PR - 'Introduction to IPR', and 'Indian Patenting System'. This will be followed by a question-answer session. We would also provide some literature regarding IPR.

Kindly suggest your willingness and convenient date for the same. The Council will take care of arranging of Resource person, travel expenses and honorarium. You may provide other infrastructure facilities such as seminar hall, Laptop, Projector and light Refreshments etc. We request you to let us know your opinion of our proposal.

Thanking you,

Yours Sincerely,

C R Pradeep.M.Sc.

PROFILE

C R Pradeep.M.Sc. (Consultant and Project Coordinator)

Mr.C .R Pradeep –is a Post-Graduate in Science. He has been the Coordinator for the Patent Information Centre ,KSCST for the past four years.

He is involved in organizing the IPR Awareness programs at the Engineering Colleges, Universities and other Professional Institutions including MSMEs.

As a part of the objective he is initiating setting up of I P Cells in the Engineering Colleges and a few Universities . He has been in touch with the VTU to encourage students with new ideas and inventions, to facilitate incubation Centers and encourage Starts ups.

He is also involved in furnishing information on Patent filing and assistance on IPR for industries in Karnataka.

Mr.Pradeep is also handling a Joint R&D Programs with the Govt .of Israel, and Govt. of Karnataka for financial assistance to encouraging new inventions in the line of industries in both the countries.

Mr. Pradeep will give a brief introduction about KSCST and its activities.

Principal
Sapthagiri College of Engineering
14/5, Chikkasandra, Heisaraghatta Main Road
Bengaluru - 560 057

PROFILE

BHAVYA.K.B

Ms.Bhavya.K.B is a Graduate in Pharmacy from Rajiv Gandhi University of Health Sciences, and has a Post-graduate diploma in IPR from National Law School of India University, Bangalore and an LLB from Karnataka State Law University, Hubli.

She was associated with IP Cell of Indian Institute of Science for 5 years. During her tenure at IISc. she was handling Prior-art Search, Drafting of patent applications and negotiating research and license agreements, Preparing, filing and prosecuting patent, design and copyright applications personally and also involved in industries-IISc institute collaboration for commercialization of technology.

For the past one year she has been with Patent Information Centre, KSCST. She coordinates the IPR Awareness programs at the Engineering Colleges and other Professional Institutions and also assists in patent drafting and filing assistance for students, researchers and small scale industries etc and also assists in filing trademark and design applications.

Dear Sir/Madam,

Sub: Workshop at Sapthagiri College of Engineering

The Department of Electronics and Communication Engineering is arranging workshop. We request you to kindly arrange for the lecture. The subject will be of interest to the students of Electronics and Communication Engineering. As per your request, Transport will be arranged for Pick-up and drop of the guest lecturer. The details of the event is provided below.

Topic: 3 days workshop on ARM7

Date: 17.09.2016 to 19.09.2016

Time: 09.00AM to 5.30PM

Venue: HDL Lab, Faraday Block

Thanking you

WORKSHOP REPORT ON

“ARM 7”

Date: 17.09.2016 to 19.09.2016

Objective of the workshop:

The objective of this workshop is to provide an opportunity for students to get aware of ARM7 thereby developing a stepping stone towards the development of an Embedded System.

Venue: DSP and HDL Lab, Faraday block, SCE

Coordinated by: Prof. Vani V and Prof. Vani A

In Association with: M/S V&V Technologies, Bengaluru.

Number of Participants: 58

Inauguration and Lamp Lightening by Principal Dr. Aswatha Kumar, HOD Prof. Sandhya Rani MH, Mr. Kumaraswamy and Mr. Kumaraswamy from M/s V&V Technologies, Bangalore.

Principal Dr. Aswatha Kumar M and Prof. Sandhya Rani MH, HOD ECE, SCE addressing the participants.

Principal

Bengaluru - 560 057

Summary Report:

The workshop is aimed at helping the students of final year in improving their technical skills in embedded domain as education is incomplete without IT today. This workshop will cover the aspects of embedded system design, applications, and current scenario in the industry. The main theme of this workshop is the hands on training on ARM 7 processor. Its architecture, instruction set and programmer's model will be demonstrated with the popular C language in windows platform. The course was practical oriented. In this workshop participants worked directly on the ARM7 platform and developed programs for various interfaces and run them on the ARM 7 hardware.

Mr. Kumaraswamy K from M/s V&V Technologies, Bangalore delivering speech to students.

On the first day students were exposed to understand the basic concepts of ARM7 processor and its trends, Introduction to ARM Processor. The theory session extended with introduction to LPC2148 series, System connection block, Memory Mapping, Vectored Interrupt Controller, Pin Configuration by Mr. Kumaraswamy K from M/s V&V Technologies, Bangalore. Afterwards in the laboratory session, expert started with the basic examples students understood how to work on Keil version 4 tool.

On the second day students were exposed to more examples including Keil Programming on LPC2148 Controller, Port Programming, LED & LCD Programming (4 Bit & 8 Bit), Motor interfacing, Key Pad, ADC, ADC with LCD, UART0, UART1 interfacing.

On the last day Expert gave brief about Different way of programming using ADC, UART 0/1 & LCD, RFID, Zigbee interfacing, GSM interfacing and Mini Project. They also briefed how to do debugging and demonstrated the same.

This workshop proved to be an important one for students and faculty members who attended the same. The entire workshop was co-ordinated by Prof. Vani A & Vani V and student Coordinators.

Intellectual Property Right Report

Topic: "Importance of Patents for Engineering Faculty"

By

Dr. Dinesh Anvekar K

Principal,

Alpha College of Engineering
Bengaluru.

Date: 13.09.2016

Time: 2 PM to 4 PM

Venue: Room No 406, SCE Bengaluru.

The Sapthagiri College of Engineering conducted a one day FDP on "Importance of Patents for Engineering Faculty" for creating awareness about Intellectual Property Rights amongst faculty. The session started with welcome note and introduction of the speaker by Prof. Rekha, Dept of EEE.

The speaker Dr. Dinesh Anvekar stated that India has become a member of the global patent regime but awareness and expertise on the subject of Intellectual property Rights (IPR) in the academic institutions is still inadequate. Maintenance of a proper balance and fine tuning of academic excellence with academic integrity and protection and exploitation of intellectual property rights is becoming very important for the universities.

In the current scenario the aggressive and targeted creation of intellectual property is the need. Protection of IPR and its commercialization propagates innovative culture, profitability, market leadership and helps creation of wealth for the individual and eventually the Nation. For that IPR awareness is required which is significant for fruitful growth of the Intellectual property rights (IPRs).

The programme included talks on importance of IPRs and their protection, Patenting procedures and patent informatics, patent searches, role of innovation and invention in the

Principal

Bengaluru-560 057

academia-industry collaborations, trademark and copyright protection, issues of do's and don'ts for a researcher in the context of publishing and patenting. The talk was very much appreciated by the participants.

Dr. Dinesh Anvekar

Dr. Dinesh Anvekar, is currently working as a Director R&D at Vijaya Vittala Institute of Technology, Bangalore. He has 37 years of Teaching and Industrial experience. He has over 68 research publications in International/National Journals and Conference Proceedings and also he is a Author of one book. His areas of interest are in the field of Wireless Sensor Network, Artificial Intelligence, Embedded Systems, Intelligent Automation and IOT. He is a Life Member of IEEE and Fellow of IETE. He Mentored and guided 300 Six Sigma Green Belt Projects in Honeywell. He Worked as Lead, Innovation Initiatives at Honeywell Technology Solutions Lab and also Worked as Research Staff Member for 1.5 years in IBM Solutions Research Center, India. He Completed two Nokia sponsored projects in Indian Institute of Science during 1997-1998. He Received First Plateau Award from IBM and filed 6 US Patents, Best PhD Thesis Award of Indian Institute of Science and KAAS Young Scientist Award in Karnataka State, India

INAUGURATION - 9.00 AM to 9.30AM

- INVOCATION
- WELCOME ADDRESS
- LIGHTING THE LAMP
- ADDRESS BY PRINCIPAL
- INTRODUCTION OF THE GUEST
- VOTE OF THANKS

TEA BREK- 9.30 AM to 9.45 AM

Followed by Lecture Series

Date: 10-09-2016 to 11-09-2016

Venue: Seminar Hall, Faraday block

DEPARTMENT OF

ELECTRONICS AND COMMUNICATION ENGINEERING

BENGALURU-560057

Cordially invites you for

2 days workshop on

Sensor Design and Implementation

**Mr. Praveen Tripathi,
Edulife India .Pvt. Ltd.Bengaluru**

PRESIDED BY:

**Sri. Dayanand
Chairman**

**Sri. Manoj
Executive Directors**

GRACED BY :

Dr. Aswatha kumar, Principal, SCE.

Principal
Sapthagiri College of Engineering
14/5, Chikkasandra, Heasaghatta Main Road
Bengaluru - 560 057

SAPTHAGIRI COLLEGE OF ENGINEERING, Bengaluru
DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING
Affiliated to Visvesvaraya Technological University, Belagavi

To,

Mr. Praveen Tripathi,
Edulife India Pvt. Ltd.
Bengaluru

Dear Sir/Madam,

Sub: Workshop at Sapthagiri College of Engineering

The Department of Electronics and Communication Engineering is arranging workshop. We request you to kindly arrange for the lecture. The subject will be of interest to the students of Electronics and Communication Engineering. As per your request, Transport will be arranged for Pick-up and drop of the guest lecturer. The details of the event is provided below.

Topic: 2 days workshop on Sensor Design and Implementation

Date: 10.09.2016 & 11.09.2016

Time: 09.00AM to 5.30PM

Venue: HDL Lab, Faraday Block

Thanking you

The HOD

Department of Electronics and Communication Engineering
Sapthagiri College of Engineering
Bengaluru

Bengaluru - 560 057

WORKSHOP REPORT ON “SENSOR DESIGN AND IMPLEMENTATION”

Date: 10.09.2016 AND 11.09.2016

Objective of the workshop:

The objective of this workshop is to provide an opportunity for students to get aware of ARDUINO thereby developing a stepping stone towards the development of an Embedded System.

Venue: DSP and HDL Lab, Faraday block, SCE

Coordinated by: Prof. Vani V and Prof. Vani A

In Association with: M/S EDULIFE INDIA, Bengaluru.

Number of Participants: 56

Inauguration and Lamp Lightening by Principal Dr. Aswatha Kumar, HOD Prof.Sandhya Rani MH, Mr.Praveen Tripathi from M/s EDULIFE INDIA.

Principal Dr. Aswath Kumar M and Prof.Sandhya Rani MH, HOD ECE, SCE addressing the participants.

Principal
Sapthagiri College of Engineering
14/5, Chikkasandra, Heeraghatta Main Road
Bengaluru - 560 057

Summary Report:

First session was started on 10.09.2016 at 10:30AM by an Introduction to ARDUINO by expert Mr. Praveen Tripathi, Director and Mr. Vamshi Krishna, Design Engineer from M/S EDULIFE INDIA. By this session students had in depth knowledge of ARDUINO and hence were able to technically know how of working with ARDUINO and its application in various domain of present technological era.

Mr. Praveen Tripathi from M/s Edulife India delivering speech to students.

After lunch second session at 1.30 PM comprising of various laboratory hands on using ARDUINO was conducted by Mr. Praveen Tripathi and Mr. Vamshi Krishna. The introduction to the various sensors and actuators and their application was described. The details of the Arduino board were discussed. The students were introduced to soldering the circuit on boards. The laboratory sessions included working with various peripherals including Serial Port, Light Dependent resistance, IR Sensors and many more.

Mr. Vamshi Krishna from M/s Edulife India delivering speech to students.

The Third session started on 11.09.2016 Sunday at 9AM. The day started with Arduino programming. The participant team used their entire day gained knowledge to do an assigned task in stipulated time. The students were involved in Interfacing the sensors with Arduino board- testing and debugging. The executed few Light sensors on the board. The Design and development of IR sensor circuit and its practical applications were implemented. The introduction to the Hierarchy of Robotics was explained in the session.

The Fourth session after lunch, Intro to gyro, temperature, humidity, pressure, LPG, motors, Bluetooth, RF Telemetry and ultrasonic sensors was delivered to the students. Design and development of a simple LPG sensor circuit was executed. Finally session ended with building of a working project. The response of the participants was tremendous and their enthusiasm last till last session.

Students and faculties participating in the workshop.

Seminar Report

Topic: "Innovative Bussiness and Breakthrough Technologies"

By

Mr. Sunil S,

General Manager,
Advanced Electronic Systems (ALS),
Bangalore

Date: 08.08.2016

Time: 10.30 to 12.30

Venue: Seminar Hall, SCE Bangalore.

The seminar is an introduction to business law which covers the fundamentals, including contracts, liability, regulation, employment, and corporations, with an in-depth treatment of the legal issues relating to breakthrough technologies, including the legal framework of R&D, the commercialization of new high-technology products in start-ups and mature companies, and the liability and regulatory implications of new products and innovative business models. There is extensive attention to national and international intellectual property protection and strategies. Examples were drawn from many industries, including information technology, communications, and life sciences.
