Respected Sir,

Subject: Requisition for permission to present a technical paper at two days National Conference
INFRA-ROAD TECH 2019.

With reference to the above subject, An National Conference has been organised by the VTU Extension Centre – RASTA Center of Road Technology, Bengaluru on 4th & 5th April 2019 under the title "INFRA-ROAD TECH 2019". I had submitted a technical paper for this conference under the title "Traffic and Road Safety Analysis of Selected stretch in Tumkur City" and the paper has been accepted, so I request you to grant me permission to present and publish the paper in the conference. I request to you to consider my absence as OOD and also kindly sanction the registration fees of Rs 1000/-. The brochure of the conference has been attached along with this letter for your kind perusal.

Please do the needful and oblige.

Thanking you sir,

FOURTH NATIONAL CONFERENCE ON ROAD AND INFRASTRUCTURE

4 - 5 April, 2019

Venue: **RASTA - Center for Road Technology**

Volvo Construction Equipment Campus, Phase 1,
Peenya Industrial Area, Bengaluru 560058

RASTA, Center for Road Technology was established in January 2002 with a commitment to disseminate knowledge in the emerging areas of Highway & Infrastructure engineering.

Infra-Road Tech conference is being organized by RASTA for the benefit of graduates and students of Civil engineering and will provide a platform to showcase their research talents.

Leading experts from educational research

institutions and the industry will chair the technical sessions and deliver Key Note addresses in relevant thrust areas of civil engineering.

Authors of Technical Papers will be invited to present their work during the conference. A few selected papers will also be invited for poster presentation. Attractive prizes will be awarded to the best papers in each session.

A Technical Quiz will be an added attraction.

Respected Sir,

Sub: Requesting to accord the permission to attend and present a research paper in
International Conference on AFMEEHC – reg.

I am very happy to inform you that, a research paper is accepted in the International Conference on Advanced Functional Materials for Energy , Environment and Health Care (AFMEEHC), which will be held between 18-20 March-2019, at Center for Materials Science and Technology (CMST), Vijnana Bhavan Manasagangothri, Mysore India- 570006. This International Conference is very important for research scholars like me, because it gives me a very good exposure towards research knowledge.

Therefore I am requesting you to give permission to attend this event to present a research paper and also please give me financial support towards Registration fee (Rs. 1500), accommodation fee (Rs. 2000) and travelling allowances (Rs. 400).

Thanking you,

About the Institution

M S Ramaiah Institute of Technology (MSRIT) was started in 1962 by Late Dr. M S Ramaiah, our Founder Chairman who was a renowned visionary, philanthropist, and a pioneer in creating several landmark infrastructure projects in India. Noticing the shortage of talented engineering professionals required to build a modern India, Dr. M S Ramaiah envisioned MSRIT as an institute of excellence imparting quality and affordable education. Part of Gokula Education Foundation, MSRIT has grown over the years with significant contributions from various professionals in different capacities, ably led by Dr. M S Ramaiah himself, whose personal commitment has seen the institution through its formative years. Today, MSRIT stands tall as one of India's finest names in Engineering Education and has produced around 35,000 engineering professionals who occupy responsible positions across the globe.

About the Department

The Department of Computer Applications was established in the year 1997 with the objective of producing high-quality professionals to meet the demands of the emerging field of Computer Applications. The department attained academic autonomy in the year 2007 and is accredited by NBA. The department is also recognized as an R & D center from the year 2012.

About the Workshop

Blockchain technology is an emerging technology suitable for decentralized and transactional sharing of data across a large network of trusted participants. By using this technology one can maintain continuously-growing list of records called blocks and link them in a distributed manner (blockchain),

potentially in such a way that these are secured against tampering.

Eligible Participants:

Academia and Industry

Topics that will be covered include:

- Introduction to Blockchain Technology.
- Decentralized applications & Blockchain
- Hands-on with Hyperledger Fabric
- Opportunities, societal impact and challenges
- Case Studies and Application Development

Resource Persons

Technical Experts from IBM, Integra Micro Software Services and RIT

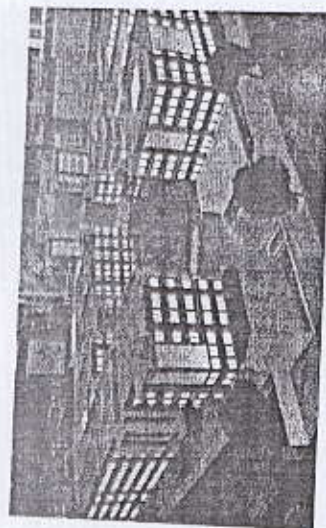

Registration Fee

Academicians: Rs. 1500/-

Delegates from Industry: Rs.3000/-

Note: The registration fee includes workshop kit, lunch, refreshments. No TA and DA will be provided to participants.

ABOUT JNNCE

JNNCE was established in the year 1980 by the National Education Society. The college is affiliated to Visvesvaraya Technological University (VTU), Belagavi and recognized by AICTE, New Delhi. It offers 7 UG and 7 M. Tech Program besides MBA and MCA. It has 7 Research centers recognized by VTU. Spread over 52 acres, the campus has all the amenities to cater to the needs of about 3500 students and 400 faculty and staff. All the departments have good infrastructural facilities with highly qualified and experienced faculty, staff and well-equipped laboratories. The college is regarded as one of the excellent centres for technical education and research. JNNCE is ranked 47th among top 75 engineering colleges in India and 8th in Karnataka as per OUTLOOK-MDRA ranking survey 2017 consecutively. The college is providing its fruitful services in the 37th year. The college organizes International and National Workshops, Conferences, Seminars and Short-Term Courses on a regular basis.

ABOUT THE DEPARTMENT

Department of Telecommunication Engineering started in the year 2000 with intake of 60, we are committed to a strong vision to emerge as a centre of academic excellence in the field of Telecommunication engineering by keeping pace with rapidly changing technologies and industry requirements to create technical manpower of global standards for the betterment of industry and society. Over 850 students graduated from our department and are currently working in well reputed companies.

Department conducted National and International Workshops and Conferences in order to upgrade the knowledge of both students and faculties.

1. Five National and International conferences were conducted.
2. Over 15 National workshops have been organized in association with IIT Bombay and IIT Kharagpur.
3. Department has NODAL centre for e-Yantra Robotics lab under IIT Bombay.
4. Experience faculty with 1- Doctorate, 5- Pursuing Ph.D. and 7-M. Tech.
5. Department students secured Ranks at University level.

OBJECTIVES OF THE WORKSHOP

The objectives of Long Term Evolution Advanced and its Research Challenges workshop is being held to educate VTU faculty and students about the progress of Long-Term Evolution (LTE) and LTE Advanced with specific reference to 4G. Course on LTE 4G has been introduced in the CBCS scheme for both Undergraduate and Post graduate programmes in communication related streams. The workshop is being conducted to facilitate the faculty of VTU affiliated engineering colleges to understand the course content and research challenges to get a brief overview about LTE and LTE components from experts in this area.

TOPICS TO BE COVERED

- I. Introduction to LTE Basics, Standards and Architecture
- II. Introduction and research challenges in LTE - Advanced

1. CARRIER AGGREGATION : Benefits of CA, Protocol Stack

Research Challenges :

- * New carrier types,
- * Resource Management
- * Multi-stream Aggregation
- * Network Sharing
- * Wide band trans-receiver
- * Carrier aggregation enhancements
- * New Frequency bands

2. ENHANCED MIMO: Basic modes of operations, MIMO features in Rel-10/ Rel-11 LTE Advanced, Full Dimensional MIMO for Rel-12 LTE Advanced

Research Challenges :

- * Massive MIMO
- * 3-Dimensional Channel modelling
- * Feedback initialization, reference signals and Code-book design

3. COOPERATIVE MULTIPoint TRANSMISSION AND RECEPTION: Downlink CoMP techniques, Uplinks CoMP techniques, joint reception

Research Challenges :

- * Backhaul aspects
- * Channel information feedback
- * Reference signal design
- * Other enhancement techniques

Respected Sir,

Sub: Requisition for attending 5 days workshop on Machine Learning for IoT applications.

With reference to the above subject, I undersigned would like to bring the following for your kind information and consideration.

Machine Learning is one of the emerging area in the field of Information Science and also introduced by VTU as curriculum for the students of 7th sem. Unfortunately, no text book with full fledged information is available in the market. However, in this connection Department of ISE, CSE and TCE, BMSIT & M, Bangalore is planning to conduct 5 days workshop on "Machine Learning for IoT applications", from 28-01-2019 to 01-02-2019 to fulfill this requirement. So, I request you to kindly permit me to attend the workshop. And also I would like to request you to grant Rs. 1500/- towards the registration fee.

Thanking You

(A Part of 15CS81 Syllabus)

In Association with

28th January to 1st February 2019

VISION

To emerge as one of the finest technical institutions of higher learning, to develop engineering professionals who are technically competent, ethical and environment friendly for betterment of the society.

MISSION

Accomplish stimulating learning environment through high quality academic instruction. Innovation and industry institute interface.

About the Institute

B M S Institute of Technology & Management was started in the year 2002 affiliated to VTU recognized by AICTE, New Delhi. BMSIT & M has been awarded 'A' Grade by NAAC with 7 of our Programs are NBA accredited out of 7 UG Programs and 3 PG programs and also has 10 R & D Centers recognized by VTU, Belagavi. BMSIT & M received various appreciations from media. BMSIT & M has been recognized as the Outstanding Engineering Education Institute (South India) by Vijayavani. BMSIT&M has been elevated into NIRF (National Institutional Ranking Framework) 100 to 150 band.

About Departments

The Department of Information Science and Engineering started in the Year 2010 with an approved intake of 60 and Enhanced to 120 from the academic year 2018-19.

The Department of Computer Science & Engineering started in the year 2002 - 2003 with an intake of 60, Year 2010 with an intake 90 and currently it is 180.

Department of Telecommunication was established in the year 2003, with an AICTE approved intake of 60.

The above Departments are highly progressive and have a team of well qualified, experienced and dedicated faculty members practicing OBE in the academic deliverables. The faculties have published research articles in various National, International Conferences and Journals. The departments have modern laboratories to serve the teaching and research needs of the students as well as faculty members. The Departments has been organizing conferences, workshops, expert lectures and student centric activities to encourage students and faculty to instill lifelong learning.

About the FDP

As India is moving towards digitization, which predominantly impacts the daily activities of life which is beyond industry automation. There is a need for cautious digital transformation in many areas to fully make use of the changes which helps society with present and future shift in human minds.

IoT, Internet of things is one of the mostly used buzz word in the minds of our young aspiring engineers to build their career. IoT combines machine, data and analytics with artificial intelligence which is nothing but machine learning, which provides integrated ecosystem for smart environment.

It benefits isolated areas, everywhere all the time. IoT with machine learning has numerous potential applications in assuring improved health and safety in medical area like: track cancer treatment, depression fight, detecting glucose level in patients. Parkinson's disease, etc., telecom industry, industry automation, smart city, agricultural, rural development, disaster warning, manufacturing industry and many more.

This FDP has been precisely planned and organized to provide platform to share knowledge among students, academicians, and industry experts, to bridge the gap between industry and academicians.

The main aim of the FDP is to connect academicians, professionals from industry and students into IoT ecosystem and provide a platform for scholars, engineers, academicians to motivate and promote their research developments in Machine Learning and IoT.

Objectives of the FDP

- > To drive the importance of data analytics Machine learning for IoT applications.
- > To provide theory concepts and hands on experience in machine learning for IoT (Practical Approach for VTU syllabus)
- > To provide a platform to handle minor and major projects in the related domains.
- > To provide amalgamation of academicians and industry person.

Target Audience

Faculty members of all disciplines who are interested to work on Data Analytics using R and Python, Industry people who are interested to update their skills are eligible to attend the FDP. Maximum participants are limited to 60 on first come first serve basis.

FDP Material

Soft Copy of the presentation and software used in the program will be provided for all the delegates along with the certificate of participation.

RAMAIAH INSTITUTE OF TECHNOLOGY (RIT) is a Self Financing Institution established in Bangalore in the year 1962 by the educationist and philanthropist, Late Dr. M S Ramaiah, RIT, as well as 17 other reputed institutions offering Medical, Dental, Pharmacy, Business Management and Legal Education are managed by the Gokula Education Foundation (GEF). The mission statement of GEF is "To deliver education and health for the betterment of mankind". RIT has an ISO 9001:2008 certification from BVQI. All eligible Engineering Departments offering Bachelor degree programmes have been accredited by NBA. RIT is one of the few institutes with faculty student ratio of 1: 15 and achieves excellent academic results as indicated by the significant number of VTU ranks bagged every year. The institute is a participant of the Technical Education Quality Improvement Programme (TEQIP), an initiative of the Government of India. All the departments are full with competent faculty, over 98% of them being postgraduates or PhD holders. Some of the distinguished features of RIT are: State of the Art Laboratories, Individual computing facility to all faculty members, Campus wide networking connecting all 2000 systems to the net. All research departments are active with sponsored projects and more than 130 scholars are pursuing PhD. The Centre for Advanced Training and Continuing Education, Centre for Research and Industrial Consultancy, and Entrepreneurship Development Cell have been set up on campus. RIT has a strong Placement and Training Department with a committed team, a fully equipped Sports Department, Large Air-conditioned Library with over 80,000 books with subscription to more than 300 International and National Journals. The Digital Library subscribes to several online e-journals like IEEE, JET etc. RIT is a member of DELNET and AICTE INDEST Consortium. RIT has a modern auditorium, several hi-tech conference halls, all air-conditioned with video-conferencing facilities. It has excellent hostel facilities for boys and girls. RIT Alumni have distinguished themselves by occupying high positions in India and abroad and are in touch with the Institute through an active Alumni Association. RIT obtained Academic Autonomy for all its UG and PG programmes in the year 2007.

RIT Snapshot: RIT, along with other institutions managed by the GEF, is situated on a sprawling 85 acres campus located in the heart of the city, and is only 7 kilometers from Bangalore City Railway Station/Central Bus Stand and is 25 kilometers from Bangalore International Airport.

About the Department:

The Department of Information Science and Engineering (ISE) was established in the year 1992 with the objective of producing high-quality professionals to meet the demands of the emerging field of Information Science and Engineering. The department is being accredited by NBA and NAAC. The sanctioned strength for B.E in Information Science and Engineering is 120. In addition, the department of ISB also offers M.Tech. Course in software engineering with intake of 30. Despite this growth in size, the department is able to maintain its quality because of the strength of the QMS procedures and the encouragement provided by the accreditation. In view of the consistent progress, the Institute has been granted autonomy in the year 2007-2008 from VTU and Government of Karnataka.

About the Workshop:

Objective: The objective of this workshop is to introduce the term - DevOps to the students and faculty. This would serve as the first experience in DevOps, opening up avenues in which the individuals can explore this area further. Hands on sessions on key topics will benefit the students and faculty. Along with promoting industry-readiness among students, it will also pave a way for carrying out research in this area.

Scope: The scope of this workshop will be dedicated to modeling and theoretical approaches to cover all aspects, from the fundamentals to the applications in DevOps. The hands on sessions will help the attendees get started on mini-projects, and lab exercises. The workshop format will consist lectures, discussions, and live lab sessions.

Topics

- Why DevOps is gaining popularity?
- Challenges and Opportunities of DevOps
- A Management System for DevOps
- DevOps for version control systems.
- DevOps for continuous integration tool.
- DevOps for continuous testing tool.
- Building the DevOps community.

ABOUT THE INSTITUTE AND DEPARTMENT

Cambridge Institute of Technology is premier institute imparting quality education to students and brings out the best in them. The Computer Science & Engineering (CSE) and Information Science & Engineering Departments are adhering to the syllabus prescribed by the Visvesvaraya Technological University, Belgaum. Within a span of 10 years the departments have undergone a rapid growth and continuously strive at providing superior technical education.

We are a team of highly educated and trained faculty members engaged in quality teaching, research, and corporate training programmes. In terms of infrastructure, our departments are the best equipped and is at par with the leading institutes.

ABOUT THE WORKSHOP

Machine Learning is the science of getting computers to act without being explicitly programmed. In the past decade, machine learning has given us self-driving cars, practical speech recognition, effective web search, and a vastly improved understanding of the human genome.

This workshop introduces fundamental concepts of machine learning. It covers an overview of machine learning algorithms and their applications. The training comprises of a series of lectures and practical exercises.

WORKSHOP DELIVERABLES

Day I:

Introduction of Machine Learning, Application of Machine Learning, Concept Learning, Decision Theory.

Day II:

ANN-Introduction, Neural Network representation, Bayesian Learning, ML and LS error hypothesis, ML for predicting probabilities, MDL principle.

Day III:

Naive Bayes classifier, Bayesian belief networks, EM algorithm, Evaluating Hypothesis-Motivation, Basics of Sampling theorem, General approach for deriving confidence intervals, Comparing learning algorithms. Instance Based Learning

Day IV:

Python Working Environment, Sample codes, Control statement, Functions, Modules, Packages, File handling, Exceptions, Built in Packages for Machine Learning CSV files

Day V:

Find S algorithm explanation, Candidate-Elimination algorithm, ID3 algorithm, Back propagation algorithm

Day VI:

Naive Bayesian classifier for Data set classification
Naive Bayesian classifier for document classification
Bayesian network for medical data.
EM algorithm, K Nearest Neighbors, Locally Weighted Regression algorithm

JSSATEB - NATIONAL SYMPOSIUM - 2018

4th & 5th July 2018

● Data Science and Statistics – ● Trends & Challenges

Last Date for Registration: 01st July 2018

ABOUT THE SYMPOSIUM

JSSATEB – SYMPOSIUM – 2018 is the Annual Technical Symposium of JSS Academy of Technical Education, Bengaluru and is one of the largest of its kind in Bengaluru. The Symposium is an amalgamation of many technical events and talks held at JSSATE by Center for Interdisciplinary research in association with various Industries, Government agencies, Student chapters and Departments. The main aim of the Symposium is to highlight the social responsibility of Engineers, Social/Environmental awareness initiatives and Technological developments in the respective engineering fields. The Symposium will provide the participants with a technical insight into the methods, technologies and techniques that are available, or just over the horizon, to drive the development of increasingly sustainable future environments. The event includes presentations, discussions on both the established and proven, as well as the development and cutting edge technology.

OBJECTIVES

The ever increasing computational capacity has enabled enterprises to acquire, process and analyze larger data-sets and information which increasingly require data-driven lens to solve problems. But problems are inherently 'wicked in nature' - with multiple stakeholder, different problem definition, different solutions interdependence and constraints. There is no one solution to solve them and the requirement is learning a structured approach to problem solving that can be applied to large set of these problems. The data explosion is impacting enterprise storage, communications, infrastructure performance, and more. Data science is now a critical growth area for research and industry, including science, government, finance, healthcare, manufacturing, advertising and retail. Technologies are available to help users to start fully exploiting data through data science. Technology is only part of an effective Big Data solution and data science helps participants will learn how to apply these hypotheses driven approach through seven pragmatic steps - Frame, Acquire, Refine, Transform, Explore, Model, and Insight - to any problem.

- Inference, regression, clustering, tests
- Time Series, Survival Analysis
- CART, Random Forests, Map/Reduce,
- Models comparison
- Neural networks, Deep learning

T O P I C S

- Computer vision, natural language processing, geolocation handling
- Databases (SQL and NOSQL)
- Web languages and web semantics to extract data from websites
- Data visualization

Acharya Institute of Technology

About the Institute

Acharya Institute of Technology (AIT) started in the year 2000 under the banner JMJ Education Society. The Institute is affiliated to Visveswaraya Technological University, Belgaum, approved by All India Council for Technical Education (AICTE), New Delhi and accredited by NAAC.

AIT has 13 undergraduate programmes and 7 post graduate programmes. The institute has eco-friendly campus spread over 120 acres of land with multicolored and spacious buildings and breathes life with more than 6000 students constantly guided by qualified and experienced members of teaching faculty. Nearly 150 foreign nationals from Tanzania, Zimbabwe, China, Nepal, Germany, Bhutan, Mauritius and Sri Lanka have enrolled in our institute under PIO quota.

Motto of the Acharya Institutes

"Nurturing Excellence Supporting Growth"

About the Department

- The department of Electrical and Electronics Engineering at Acharya Institute of Technology has a long and proud history as one of the foremost centers for research and teaching in Bangalore.
- The department of Electrical and Electronics Engineering was established in the year 2004.
- With its variety, scope and consultancy, the intake to the UG programme, has increased from 60 to 120 from academic year 2011-12.
- The Department also offers a

Objectives of the workshop

- The Objective of the workshop is to impart knowledge and hands on training in "Digital signal processing laboratory".
- To expose the faculty to the depth of coverage as per revised VTU syllabus.
- To explain the use of MATLAB software in evaluating the DFT and IDFT of given sequence.
- To verify the convolution property of the DFT.
- To design and realize the implementation of IIR and FIR filters for the given frequency specifications.

Dear Sir,

Warm Greetings from Team SSNTD-20.

The organizing committee of SSNTD-20 is pleased to inform you that your research paper entitled "Natural radioactivity and radiation hazard assessment in soil samples of Shivamogga district, Karnataka state, India" co-authored by Rangaswamy D R, Sannappa J Srinivasa E has been accepted for the presentation in the 20th National Conference on Solid State Nuclear Track Detectors and Their Applications which is to be held during October 26th to 28th 2017. Selected papers will be published in Current Science / ISST Journal of applied physics after peer reviewing. The papers will be accepted for publication subject to their quality and originality.

The last date for submission of full paper by email is 25th October 2017. The papers received after the deadline will not be considered for the proceeding.

You are kindly requested to register for the conference before 25th August 2017. Keeping in view the tourist season in the month of October, the accommodation will be booked only for those who confirm their participation before 25th August 2017. Registration form and other details are available on conference website: <http://ssntd20.in>.

ABOUT MYSURU

Mysuru, the city of palaces and heritage, is a popular travel destination in South India. Mysuru is a cultural capital of Karnataka and Yoga capital of India. Besides its numerous palaces and royal buildings, Mysuru city is also known for proximity to several other places of interest such as Chamundi Hill, Sri Philemon's Church, Chamundi Hill, Mysore Zoo, Srirangapatna Krishna Raja Sagar dam and Sivaramudram falls, Shivvanabekota, Bandipur National Park, the Ranganathlu Bird Sanctuary, the Tibetan center of Bylappa, the Goorg district and so on. The Mysore city is also known for sandalwood products and the world famous Dasara festival (Navaratri) held every year. Located in the tropics, the Mysuru has a moderate climate and the weather throughout the year is pleasant.

Access to Mysuru

The distance from Bengaluru, the capital city of Karnataka, to Mysore is about 140 kms. The Mysuru Railway Station connects the city with all major cities in India. Bengaluru International airport is the airport from

The International Conference on Applications and Design in Mechanical Engineering 2017 (ICADME 2017) will be held on 21-22 August 2017 in Penang, one of the most popular tourist destinations in Malaysia. ICADME 2017 is organized by School of Mechatronic Engineering, Universiti Malaysia Perlis.

The ICADME 2017 aims to provide a platform for participants from diverse field of Mechanical Engineering backgrounds to exchange ideas and findings to promote cooperation, networking as well as knowledge sharing in both engineering practice and research in higher education. Manuscripts having focus on theory, applications, design and/or experimental studies relevant to this conference are invited. Other related topics for submission include, **but not limited to:**

Applied Mechanics and Design

Fracture Mechanics, Fatigue, Machinery Dynamics, Condition monitoring, Machine Design, Concurrent Engineering, Finite element analysis, Noise and Vibration analysis, Computer aided engineering design, Manufacturing, Rapid Prototyping, Tribology, Aerospace, Composite, Reverse Engineering, Design Optimization.

Energy and Thermofluids

Energy Conversion System, Renewable Energy, Thermodynamics, Fluid Dynamics, Heat Transfer, Heat Exchangers, Refrigeration and Air Conditioning, Computational Fluid Dynamics, Alternative Energy, Internal Combustion Engines, and Turbomachines

Submission of Papers

All the submitted papers should be written in English, original, unpublished research results, experimental or theoretical. Papers submitted to the conference should meet these criteria and must not be under consideration for publication elsewhere. All papers will be blind reviewed by two reviewers. Detail information on the submission can be referred from <http://icadme.unimap.edu.my>

Paper Acceptance

Each accepted paper must be presented by one of the authors after paying the necessary registration fee. All accepted papers will be published in **IOP Journal of Physics: Conference Series** (indexed by ISI Web of Science (Conference Proceedings Citation Index-Science), Scopus, Compendex, etc).

NOTIFICATION OF PAPER ACCEPTANCE FOR ICADME 2017

We would like to thank you for your paper submission to the International Conference on Applications and Design in Mechanical Engineering (ICADME 2017) which will be held at the Bayview Hotel, Georgetown, Penang, Malaysia from 21 to 22 August 2017.

After a peer review process, we are very pleased to inform you that your paper has been accepted for presentation and publication in IOP Journal of physics: Conference Series (JPCS). The detailed presentation programme will be informed to you at a later date.

The accepted paper details are given as follows:

Paper ID : 087

Paper title : Numerical study of double-diffusive convection in a vertical annular enclosure with a baffle

Authors : Pushpa B V, Prasanna B M R, Younghae Do and Sankar M

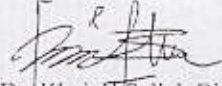

Kindly note that the accepted paper will not be published if the registration fee is not paid before the conference date.

This is the official acceptance and invitation letter to attend the conference, which may be used for your funding or/and visa application.

For the most updated information of the conference, kindly refer to the official conference website at <http://icadme.unimap.edu.my>

ABOUT VELLORE

Vellore is a city and the administrative headquarters of Vellore District in the South Indian state of Tamil Nadu. Vellore is the base of two of India's top ten educational institutions, Christian Medical College & Hospital and "VIT UNIVERSITY". It is also a major centre for medical tourism in India. Other than being a cultural and educational hub, Vellore is also a major tourist attraction with places like Vellore Fort, Balakrishnaswarar Temple, Golden Temple, Assumption Cathedral, and Animal Zoological Park. Vellore is just 137 kms from Chennai and 212 kms from Bangalore providing excellent options for travel. Presence of several 4 star and 5 star hotels in the city makes it a comfortable place to stay as well.

ABOUT VIT UNIVERSITY AND SMEC

VIT University was founded in 1984 as Vellore Engineering College by the Chancellor, Dr. S. Viswanathan. From its humble beginnings, this institution has grown exponentially to that of more than 35,000 students. It was conferred the University status in 2001 in recognition of its excellence in academics, research and extracurricular initiatives. Currently, VIT has two campuses - one in Vellore and another in Chennai. VIT has been consistently ranked among the best institutions of the country, and is aspiring to emerge as a global leader. The National Institutional Ranking Framework (NIRF) of the MHRD, Government of India, has identified VIT as the best Private Engineering Institution in India. With students from all the states of India and from more than 50 countries, the cosmopolitan VIT University provides an appropriate ambience for holistic learning and comfortable living. Sports, games and cultural activities are an integral part of student life on campus. VIT holds an exemplary placement record by consistently placing more than ninety percent of the students in good companies. The University's international linkages provide ample opportunities for students and faculty to gain global exposure. VIT alumni, spread across the world, are serving the most advanced as well as the most deprived societies.

ABOUT ASME-VIT

ASME-VIT is a Mechanical Engineering student chapter in VIT University, Vellore. It was established in 2010 with the help of officials from ASME-INDIA. Its vision is to preach knowledge about the practical applications of Mechanical Engineering concepts, provide a platform for students to develop and showcase their technical skills and most importantly, develop a network of professionals working in the industry. In order to accomplish our vision, ASME-VIT has successfully organized symposiums like INERTIA-2013, MECHANOMATE-2015, ASME GT INDIA Conference - 2015, TECHNOVATE-2016, HFVC-2016 and SPQC-2016. ASME-VIT has also won the Outstanding Student Section Award granted by ASME-INTERNATIONAL at Asia-Pacific level in August 2016 for its perseverance and overwhelming outreach. ASME-VIT will continue its legacy of success and scale new heights in the years to come.

ABOUT ICMMM

International Conference on Materials, Manufacturing and Modelling (ICMMM) is a three days technical event that provides a platform for leading researchers, academicians and industry experts to come together and exchange knowledge and views on global changes in materials, manufacturing and modelling. This event is being jointly organized by the School of Mechanical Engineering (SMEC), VIT University and State University of New York, Binghamton, United States in association with American Society of Mechanical Engineers (ASME) Chapter, VIT University. It is being planned to organize this event every year during the month of March and ICMMM - 2017 will be first in the series which is being scheduled for 9th to 11th March 2017. The authors of all accepted papers will be invited to present their work during the conference and subsequently will be published in a Scopus Index Journal.

CONFERENCE THEME

Parallel technical sessions will run on different themes in materials, manufacturing and modelling. While the following list is a general guideline for authors, there is flexibility and prospective authors may suggest and include contribution on alternative themes in related other fields. All papers will undergo a peer review process and will be put through a quality control system.

Additive Manufacturing / 3D Modelling and Printing
Advances in Casting Technology
Advances in Metal Cutting / Metal Forming
Advances in Engineering Materials
CAD/CAM, Computer Integrated Manufacturing
Cloud Manufacturing System
Composite Materials: MMC, CMC and PMC
Digital Manufacturing System
Energy Efficient Manufacturing
Flexible/Agile/Reconfigurable Manufacturing Systems
Inventory Modelling
Intelligent Manufacturing Systems
Machinability: Hard Machining and Super Alloys
Emerging Trends in Manufacturing Processes
Operation / Supply Chain Management
Material Engineering and Manufacturing
Modelling and Simulation of Manufacturing System
Advances in Nano Materials and Technology
Product Design and Development
Virtual Manufacturing and Processes

IMPORTANT DATES

Submission of Abstract begins : 15 September 2016
Last day for submission of Abstract : 10 January 2017
Last date for submission of full length paper : 25 January 2017
Registration starting date : 11 February 2017

Respected Sir,

Sub: Requesting to accord the permission to attending "6th Interdisciplinary Symposium on Materials Chemistry (ISMC-2016)" at BARC, Mumbai and sanction conference Registration Fees, Accommodation charges and Travelling allowance.

I am very glad to inform you that one of my research paper have been accepted for presentation for the "6th Interdisciplinary Symposium on Materials Chemistry (ISMC-2016)" to be held at the Chemistry Division, Bhabha Atomic Research Centre (BARC), Mumbai during 06-10 December 2016. Participation in the ISMC-2016 Conference wil enhance the horizon of my knowledge in the field of Basic Science and Technology. Hence, I request you kindly to accord the permission for participation in the above conference and sanction the OOD for the duration 05 -10 December 2016.

I am not getting any financial assistance from ISMC-2016 conference for attending the conference. Hence, I request you to sanction me Registration Fee (Rs.6000/-), Accommodation Charges (2500 Rupees. per day) and Travelling Allowance (Appr.: Rs.2000/-).

Thanking you,

Sub: Acceptance of paper for poster presentation at ISMC-2016.
The paper was uploaded by login-id of Mr. Keshavamurthy K

Dear Keshavamurthy K,

With regards to your paper entitled "*Photoluminescence Studies of Europium (Eu³⁺) doped Lead Borate Glasses*" we are happy to inform you that your paper has been accepted for presentation as a POSTER (1 x 1 meter) in ISMC-2016. The paper has been assigned paper no. H-128 and it may be quoted for future communications. Kindly note that all accepted paper will be a part of conference proceeding of ISMC 2016, which will be electronically available on the conference/SMC website. Authors of the paper are alone responsible for the technical contents of paper and references cited therein.

Due to overwhelming response, the organizing committee has considered registration of only one author per contributory paper. Therefore, from one paper, only one author will be allowed to register and participate in the symposium and she/he should register for the symposium on or before October 25, 2016. The registration can be made via the symposium website from October 15, 2016 onwards only.

<http://www.smcevent.com/>

Please note that (i) Payment details of registration fee (ii) e-photograph and (iii) scanned copy (e-copy) of home institution card should be ready before you begin the registration for symposium. The registration fee covers electronic copy of symposium proceedings (CD), lunch, dinner and refreshments during the symposium period, but does not cover accommodation charges. Registration fee is non-refundable. Kindly note that your participation in the symposium will be confirmed only after the receipt of registration fee within the due date. If we do not receive the print copy of registration confirmation page/email, along with the registration fee within the due date, it will be presumed that you are no longer interested and no further communication in this matter will be entertained.

With our limited availability of accommodation, we will process the lodging request of *registered participants* on the first come first served basis. The *registered participant* should make a request for accommodation at the symposium website latest by October 30, 2016. The request for accommodation can be made via the symposium website from October 20, 2016 onwards only. The tariff for the guest houses/hotels may vary from Rs.2500-3000/- per day per person. The accommodation charges have to be paid by participant during their stay in Mumbai. The organizing committee reserves the right to allocate the accommodation to individuals in different guest houses/hotels/hostels. Accommodation status of individual with per actual tariff will be intimated in due course.

Please bring this letter with you as it may assist you to enter BARC residential area.

To assist you we have appended registration fee details and other check list below this letter for your perusal.

We look forward to meet you during the symposium.

With Regards,
-sd-

Sub: Workshop on "Accreditation process for Technical Institutions" at JSS college.

Reimbursement of Fee paid for registration to attend the workshop.

Dear Sir,

As per your instructions I attended two days workshop on "Accreditation process for Technical Institutions" held at JSS College from 26-8-2016 to 27-8-2016. This workshop had given me a good experience on various aspects like, Teaching Learning, Overview of Outcome Based Education (OBE), formulation of PSOs, Cos. students performance and faculty contribution, Industry contribution towards OBE etc. This workshop was organized in a systematic way by JSSATE. Resource persons from AICTE, IIT, IISc, NBA, representative from Department of higher education Government of Karnataka and various reputed institutions were invited as Speakers for the workshop. Many Faculty members from various institutions from Karnataka and from other states also attended the workshop. I request to depute staffs from our college to attend such workshops in future also as it gives a great experience for academic growth. It is better in future SCE shall also think of conducting such workshops in the College. The copy of detailed programme schedule is attached along with this.

Fee of Rs 2000 is paid as registration fee and the receipt is attached. I request you to reimburse the same amount.

Please consider my request and do the needful.

Thanking you

About JSS Mahavidyalapeetha (JSSMVP), Mysuru

Jagadguru Sri Shivarathreeswara Mahavidyalapeetha (JSSMVP) was established in the year 1954 by His Holiness Jagadguru Dr. Sri Shivaratri Rajendra Mahaswamiji, the 23rd Pontiff of Suttur Math. The vision of JSSMVP is to bring an excellent blend of the traditional culture with modern science, leading to total personality development of individuals, through a network of over 300 educational institutions, propagating both cultural education and modern multi-disciplinary professional education.

About the Institute:

JSS Academy of Technical Education, Bengaluru is a premier educational institution managed by the JSS Mahavidyalapeetha (JSSMVP), Mysuru. The JSS Academy campus is spread over 21 acres of land surrounded by lush green plantation. The college offers various UG and PG courses in Computer Science and Engineering, Electronics and Communication Engineering, Information Science and Engineering, Industrial Engineering and Management, Mechanical Engineering, Civil Engineering, Electronics & Instrumentation Engineering along with MBA program.

Year August 2015-August 2016, is the year of Centenary birth Celebrations of His Holiness Dr. Sri Shivaratri Rajendra Mahaswamiji who was instrumental in the phenomenal growth of JSSMVP and its institutions. On this solemn occasion, a series of programs have been arranged through out the year.

About the Workshop:

The accreditation by National Board of Accreditation (NBA) is to promote and recognize excellence in technical education among colleges and universities, at both the undergraduate and postgraduate levels. Institutions, students, employers, and the public at large all benefit from the external verification of quality provided through the NBA accreditation process. They also benefit from the process of continuous quality improvement that is encouraged by the NBA's developmental approach to promote excellence in technical education.

This workshop tries to fill the gap of training, needed for the faculty members of various colleges, in understanding the NBA accreditation process and, to work towards achieving the accreditation for their institution.

The proposed two days workshop will focus on OBE model and accreditation process for Tier-II Institutions, as mandated by University.

Objectives:

The specific objectives are:

- To enable the participants to understand the new process, parameters and criteria for accreditation.
- To assist the participants to establish a system at their institution in order to get accreditation.
- To provide a platform for the members of institutions who are applying for accreditation to get clarification from the experts / faculty from accredited colleges.

Expected Outcomes:

- After completion of the workshop, participants will be able to
- Implement the Outcome Based Education System at their respective institutions.
- Formulate, assesses and evaluate POs, POS and COs.
- Prepare the Self-Assessment Report as per new format.

Course Content:

- Outcome based education (OBE) - An Overview
- Understanding of New SAR format
- Designing of POs, PSOs & COs
- Mapping of CO, PO, CO, PO, CO, PSO, PO, Mission
- OBE and Teaching Learning Process
- Continuous Improvement
- Documentation and Presentation
- Pre-visit preparation
- Evaluation Guidelines during the visit of NBA team.

Resource Person:

1. Experts from AICTE
2. Faculty from Accredited Institutions / IIT / IISc,
3. NBA Consultants
4. Representatives from Dept. of Higher Education, GOK

Target Audience:

This two days workshop will be a national level activity and target audience will be Directors, Principals, NBA Coordinators and Senior Faculty of technical institutions.

To,
The Principal

Dear Sir,

Subject: Request - Deputing faculty for Two Day Workshop on "Accreditation Process for Technical Institutions" on 26th & 27th Aug 2016; Reg...

With reference to the above subject, we introduce ourselves as JSS Academy of Technical Education, Bengaluru. It is a premier Educational Institution managed by the JSS Mahavidyapeetha (JSS MVP), Mysuru. The JSSATE Bengaluru offers various UG and PG courses and is one among the top ten Engineering colleges in Karnataka.

We wish to state that the College is organizing a Two Day workshop on "Accreditation Process for Technical Institutions" on 26th & 27th Aug 2016 in Association with Visvesvaraya Technological University (VTU), Belgaum, Indian Society for Technical Society (ISTE), Indian Institute of Industrial Engineering (IIIE) and Quality Circle of India (QCFI). The event will have speakers from AICTE, Dept of Higher Education, Government of Karnataka, reputed Institutions like IIT & Consultants across the country. The participants would get the opportunity to understand the process of accreditation which is very much essential for Technical Institutions in India.

After completion of the workshop, participants will be able to:

- Implement the Outcome Based Education System at their respective Institute.
- Formulate, assess and evaluate PEOs, POs and COs.
- Prepare the Self-Assessment Report as per new NBA format.

The Workshop brochure is enclosed for your kind reference. We hereby request you to depute your faculty for this Two Day Workshop and oblige.

Thanking you

Yours Sincerely
