#### REPORT ON STUDENTS FEEDBACK ANALYSIS ACADEMIC YEAR 2017-18

1. How do you rate the syllabus of the courses that you have studied in relation to the competencies expected out of the course?

From the analysis report, it was observed that, 70% of the student said that meet the expected competencies out of the course, 20% of the student said is very good, 10% of the student said it is good with the syllabus.

- 2. How do you rate the allocation of the credits to the courses? Majority of the students, i.e 65 % have rated excellent about the allocation of course, 30 % of students have rated very good and 5 % of students have rated good.
- 3. Relevance for implementation in projects
  50 % of the students have observed that the curriculum is excellent in relevance to the implementation of projects, 30% of students feel that it is very good, 15 % of students it is good and 5 % of students said that it is average.
- 4. How do you rate the electives offered in relation to the technological advancements?

45~% of the students have rated that the syllabus is excellent which is relevant to the technological advancements , 35% of students feel that it is very good, 15~% of students said that it is good and 5~% of students said that it is average.

5. How do rate the evaluation scheme designed for each of the course?

60 % of the students have a opinion that the evaluation scheme designed for each of the course is excellent, 20% of students feel that it is very good, 15 % of students it is good and 5 % of students said that it is average and require changes.

6. How do you rate the percentage of courses having LAB components?

70 % of the students have rated excellent that the syllabus contain maximum percentage of courses having LAB components, 20% of students have rated very good, 5 % of students have rated good.

7. Curriculum is sufficient to make you analyze the engineering problems and its suitable solution

55 % of the students feel that the syllabus is excellent which makes analyze the engineering problems and its suitable solution, 20% of students feel very good, 15 % of students feels good and 10 % of students said that it is average.
