## COMMUNITY CLUB REPORT

<b>Name of Event</b>	<b>Interaction of Govt. School Students on Environmental Pollution</b>
<b>Date</b>	03-09-2014
<b>Issues addressed</b>	Causes for Environmental pollution and Impact of pollution on living organisms and human society.
<b>Place of the event conducted</b>	Government school at Ivarakandapura

### Report:

ECO Club volunteers conducted an event "**Interaction of Govt. School Students on Environmental Pollution**" on **03-9-2014**. The programme was organised by ECO club in association with Community Club. The complete event was co-ordinated by Prof. Varshini K. under the guidance of Prof. Prashanth Kumar H P Convener HASIRU-ECO club and Prof. Ram Kumar M convener Community Club. Also few volunteer students from both community and Eco club participated in the event.

Event was inaugurated by Head master of the school. In the event our staff and students were actively involved with student community. Pre prepared things to explain about environmental pollutions such as drawings, videos and information was properly executed before students in most understandable way.

Our team explained about causes for air pollution, soil pollution, sound pollution, water pollution (lake pollution) and methods to control the pollution. We also shared information about consequences of pollution on society and which type of pollutions causes specific type of disease. Government school students were surprised with facts that we shared and discussed with them especially things which leads and increases the pollution and also their consequences on human health, animals and aquatic animals, etc... Students learnt lot of things from our demonstrations and interactions. They really felt happy with our efforts towards the event. School Head master, teachers and students appreciated our work. Finally, the students promised that they try to control the pollution caused by their family members and neighbours.

## NSS (SWAYAM SEVA)

<b>Name of the Event organised</b>	Education For Everyone
<b>Date and Day</b>	22/06/2015 and Monday
<b>Collaboration</b>	Human Rights & COMMUNITY CLUB
<b>Issues addressed</b>	Importance and necessity of education for everyone.
<b>Place of the event conducted</b>	Govt. School, Bengaluru.

### Report:

As per the direction of Principal, a team of faculty and student volunteers organized an event "Education For Everyone" at Govt. school. The Program was organised and co-ordinated by Mr.Ravi.T (HR Club) in association with Community club along with students from NSS, HR and Community club.

There are cases where the students had discontinued their education, particularly in Govt. Schools for different reasons, one particular reason is lack of financial support to them also and to their parents, especially in few cases parents will force the students to leave the school. Even though students join the school they don't know the importance of continuing the education. In these areas our team as put light and made a good impact over the students by giving various examples. Also the team gave the guidance on various course options, scholarships. To get good recognition and rewards in this competitive world the continuous education is most important. The government is having many good schemes to encourage children to get good education through RTI (Right to Education Act), the same has conveyed to the children. Motivated the children with the sayings of famous personalities like SwamyVivekanandha, BharathaRathna, Sir M.V. BharathaRathna APJ Abdul kalam, KalpanaChawla so on. Article 26 of Human Rights has been explained to students. The students are happy and they asked few questions and were happy with the answers.

<b>Impact &amp; Sensitization</b>	Understood the impact of education for everyone. There was a good impact.
<b>Faculty Coordinators</b>	Prof. Rekha S.N and Prof. Madhushree
