Standard Operation Procedure for Alumni Association

The Alumni of an Institution forms the core of the value system that the Institution believes in and diligently practices over a period of time.

Sapthagiri College of Engineering established in the year 2001, has a standing of 19 years and has at credit more than 3500 alumni as its proud ambassadors. These brand ambassadors contribute in nation building in various fields. It is with the cooperative bond with these alumni that the Institution can further improve, and further contribute to the growth of the new batch of students. It is in this direction that the Alumni Association of the College was functional since 2012. However the Association has been registered with 'DRB-N/SOR/89/2011-2012' registration number in the year 2011. Though the registration has taken place, it has been functional, highly proactive and regularly been meeting for further continuation in terms of inputs, feedback and participation in the improvement of the Institution.

The 'Alumni Meet' is conducted in a year, where the alumni from all the Departments 'CSE, ECE, MECHANICAL, CIVIL, EEE and BT' as UG program graduates along with PG programs, i.e., CSE, and ECE, can gather under one roof. The alumni students can share all their experiences from campus life to career life, the various efforts involved in attaining a professional life. The meet will be almost an interactive session. Successful entrepreneurs, professionals and project team leaders from the alumni are invited to talk on their success stories.

The alumni also assist the final year students of various streams of engineering to get their project placements and internship in their companies. This is the probable way, the regular alumni association meetings pave the way for the successful placements of the students. At the end of the alumni meet, feedback to be taken from the alumni for the effective conduction of the programme in further years and for the benefit of outgoing students.

"Knowledge" is the main base of any learning process. Suitability for any employment criteria can be judged based on "the knowledge in all aspects" of a job seeker. "Communication Skills" are life skills, without which the acquired knowledge will be remained unsuccessful. During the student life, a student ought to acquire these with equal priority for subject knowledge. "Interpersonal Skills" teach how to behave, respond and act at the work areas. Proper and careful
