## NSS (SWAYAM SEVA)

<b>Name of the Event organised</b>	Education For Everyone
<b>Date and Day</b>	22/06/2015 and Monday
<b>Collaboration</b>	Human Rights & COMMUNITY CLUB
<b>Issues addressed</b>	Importance and necessity of education for everyone.
<b>Place of the event conducted</b>	Govt. School, Bengaluru.

### Report:

As per the direction of Principal, a team of faculty and student volunteers organized an event "Education For Everyone" at Govt. school. The Program was organised and co-ordinated by Mr.Ravi.T (HR Club) in association with Community club along with students from NSS, HR and Community club.

There are cases where the students had discontinued their education, particularly in Govt. Schools for different reasons, one particular reason is lack of financial support to them also and to their parents, especially in few cases parents will force the students to leave the school. Even though students join the school they don't know the importance of continuing the education. In these areas our team as put light and made a good impact over the students by giving various examples. Also the team gave the guidance on various course options, scholarships. To get good recognition and rewards in this competitive world the continuous education is most important. The government is having many good schemes to encourage children to get good education through RTI (Right to Education Act), the same has conveyed to the children. Motivated the children with the sayings of famous personalities like SwamyVivekanandha, BharathaRathna, Sir M.V. BharathaRathna APJ Abdul kalam, KalpanaChawla so on. Article 26 of Human Rights has been explained to students. The students are happy and they asked few questions and were happy with the answers.

<b>Impact &amp; Sensitization</b>	Understood the impact of education for everyone. There was a good impact.

## COMMUNITY CLUB REPORT

<b>Name of Event</b>	<b>Interaction of Govt. School Students on Environmental Pollution</b>
<b>Date</b>	03-09-2014
<b>Issues addressed</b>	Causes for Environmental pollution and Impact of pollution on living organisms and human society.
<b>Place of the event conducted</b>	Government school at Ivarakandapura

### Report:

ECO Club volunteers conducted an event **"Interaction of Govt. School Students on Environmental Pollution" on 03-9-2014**. The programme was organised by ECO club in association with Community Club. The complete event was co-ordinated by Prof. Varshini K. under the guidance of Prof. Prashanth Kumar H P Convener HASIRU-ECO club and Prof. Ram Kumar M convener Community Club. Also few volunteer students from both community and Eco club participated in the event.

Event was inaugurated by Head master of the school. In the event our staff and students were actively involved with student community. Pre prepared things to explain about environmental pollutions such as drawings, videos and information was properly executed before students in most understandable way.

Our team explained about causes for air pollution, soil pollution, sound pollution, water pollution (lake pollution) and methods to control the pollution. We also shared information about consequences of pollution on society and which type of pollutions causes specific type of disease. Government school students were surprised with facts that we shared and discussed with them especially things which leads and increases the pollution and also their consequences on human health, animals and aquatic animals, etc... Students learnt lot of things from our demonstrations and interactions. They really felt happy with our efforts towards the event. School Head master, teachers and students appreciated our work. Finally, the students promised that they try to control the pollution caused by their family members and neighbours.

## COMMUNITY CLUB REPORT

<b>Name of the Event organized</b>	Computer awareness program to govt. school children
<b>Date and Day</b>	09/05/ 2016
<b>Collaboration</b>	Human Rights Club
<b>Issues addressed</b>	Importance and necessity of advance education system
<b>Place of the event conducted</b>	Govt. School, Bengaluru.
<b>Report:</b> <p>As per the direction of Principal, a team of faculty and student volunteers organized an event <b>“Computer awareness program”</b> at Govt. school. The Program was organized and co-ordinated by Mr.Ravi.T (HR Club) in association with NSS &amp; Community club along with students from NSS, HR and Community club. There are students who doesn't known about computers, types of computers and utilization computer in education. particularly in Govt. Schools for different reasons, one particular reason is lack of financial support to them also because of uneducated parents, Hence we have selected on village and planned day long program for all classes we thought about computers and computer usage in education and also how we can get information from smart phone too. In these areas our team as put light and made a good impact over the students by giving various examples. Our team members have also informed to the students that, government has introduced so many benefits for the good students, even laptop also be provided by the government in higher education system. The students are happy and they asked few questions and were happy with the answers.</p>	
<b>Impact</b>	Students came to know that the information in fingertip and few have known little bit about information search through Google using their parents phone and they are very much familiar with phone games.

## Community Club Report

<b>Name of the Event organised</b>	Education For Everyone
<b>Date and Day</b>	22/06/2015 and Monday
<b>Collaboration</b>	Human Rights & NSS
<b>Issues addressed</b>	Importance and necessity of education for everyone.
<b>Place of the event conducted</b>	Govt. School, Bengaluru.
<b>Report:</b> <p>As per the direction of Principal, a team of faculty and student volunteers organized an event <b>"Education For Everyone"</b> at Govt. school. The Program was organised and co-ordinated by Mr.Ravi.T (HR Club) in association with Community club along with students from NSS, HR and Community club.</p> <p>There are cases where the students had discontinued their education, particularly in Govt. Schools for different reasons, one particular reason is lack of financial support to them also and to their parents, especially in few cases parents will force the students to leave the school. Even though students join the school they don't know the importance of continuing the education. In these areas our team as put light and made a good impact over the students by giving various examples. Also the team gave the guidance on various course options, scholarships. To get good recognition and rewards in this competitive world the continuous education is most important. The government is having many good schemes to encourage children to get good education through RTI (Right to Education Act), the same has conveyed to the children. Motivated the children with the sayings of famous personalities like SwamyVivekanandha, BharathaRathna, Sir M.V. BharathaRathna APJ Abdul kalam, KalpanaChawla so on. Article 26 of Human Rights has been explained to students. The students are happy and they asked few questions and were happy with the answers.</p>	
<b>Impact &amp; Sensitization</b>	Understood the impact of education for everyone. There was a good impact.

## COMMUNITY CLUB REPORT

<b>Name of Event</b>	Awareness on Menopausal problems and distribution of sanitary pads
<b>Date</b>	6.08.2015
<b>Issues addressed</b>	Awareness on the effect of menopause and maintaining the body hygiene and taking care of personal health
<b>Place of the event conducted</b>	Aivarakandapura

**Report:** A good number of villagers had gathered to understand the effect of menopause. The event conducted along with community club and eco club. The team led by Prof. Ravishankar along with the student volunteers spoke to them in the native language to enlighten them. The contents discussed there was

### After effects of menopause:

Approaching middle age often brings increased stress, anxiety, and fear. This can partially be attributed to physical changes, such as decreasing levels of estrogen and progesterone. During menopause, the body stops producing estrogen. Estrogen is essential for cardiac, skin and bone health, and many women have complications around these. The bones get weaker, and the person experiences backaches, and shoulder and joint pains. Some women experience stress incontinence, which they may be embarrassed about.

Most women report problems with sleeping; they find it hard to fall asleep or have trouble sleeping through the night. (A gynecologist in Bangalore says that at least 20-25 per cent of her patients complain of insomnia during this period).

### TO stay healthy during menopause

Go for regular health check-ups and visit your gynecologist to rule out the possibility of a thyroid malfunction or a disease of the reproductive organs.

Exercise.. Yoga and pranayama can help you stay flexible and maintain your bone health. Get enough exposure to sunlight.

Understand that your body is changing; and set your expectations accordingly.

Pay attention to your diet; eat more frequent meals in smaller quantities. Increase your intake of fiber, natural vitamins and minerals.

## COMMUNITY CLUB REPORT

<b>Name of the Event organised</b>	<b>Interacting with Govt. School students on paper and waste management.</b>
<b>Date and Day</b>	08/04/2016 and Friday
<b>Collaboration</b>	Eco and Health Clubs
<b>Issues addressed</b>	Paper and waste management
<b>Place of the event conducted</b>	Govt. School, Bengaluru
<b>Report:</b> <p>As per the direction of Principal, a team of faculty and student volunteers organized an event “Interacting with Govt. School students on paper and waste management” at Government school, Bengaluru. The Program was organised and co-ordinated by Prof. Ram kumar (NSS Club) in association with Prof. Dhamodharan (Health club), Prof. Ramya (ECO Club) along with students from Community, Eco and Health clubs. There was a good interaction with the students. Basically if the papers are not reused then more number of trees are again made to cut, that leads to deforestation and there by affects the Eco- System. Also by recycling the paper financial burden can be reduced upto some extent. In the same way by waste management including E-waste, chemical waste so on all these waste has to treated or if possible converted to usable form. This will help in keeping the environment healthy and finance too. In this way we addressed the school children and we were successful in winning the mind and heart of the students with this regard.</p>	
<b>Impact &amp; Sensitization</b>	It will help lot to the patient who needs the blood in time.
<b>Faculty Coordinators</b>	Prof. Dhamodharan, Prof. Ramya, Prof. Ram Kumar.

## HASIRU club report

<b>Name of Event</b>	<b>Save Fuel for Better Environment, Wear helmet/seat belt - save yourself</b>
<b>Date</b>	05/10/2016, Wednesday
<b>Issues addressed</b>	<b>Campaign on Save fuel, wear helmet while riding two-wheeler and fasten your seat belts while driving four-wheeler.</b>
<b>Place of the event conducted</b>	SCE PREMISES AND ROAD

### Report:

As per the direction of Principal, a team of faculty and student volunteers organized an event "Save Fuel for Better Environment, Wear helmet/seat belt- save yourself at SCE campus. The Program was organised and co-ordinated by Prof. Prashanth (ECO Club) in association with Prof. Tulsidas (Community club) along with students from both Community and Eco club.

Just because of our negligence and ignorance not only petrol or diesel but all other types of fuel such as natural gas, propane and oil are going to vanish very soon. Here we are with some tips on Save Fuel for Better Environment and Health.

- **While driving your vehicle slow down speed and stick to the speed limit** as speed speeds up the consumption of fuel thereby reducing the fuel economy.
- **Avoid using too much of clutch and unnecessarily** as this would lead to the extra consumption of fuel. Turn off the air conditioner when driving around the city.
- **A proper maintenance of our car is also essential.** Clean the engine oil after a certain mileage as dirty engine oils can cause internal engine friction and lead to the wastage of fuel.

According to statistics mentioned in an article of TOI, 75 percent passenger vehicle users (driver, co-driver and rear) in **India refuse wearing seat belts leading to 15 deaths**

Principal  
Sapthagiri College of Engineering  
14/5, Chikkasandra, Hesaraghatta Main Road  
Bengaluru - 560 057

Principal  
Sapthagiri College of Engineering  
Chikkasandra, Hesaraghatta Road,  
Bangalore-560 057

**every day.** Also, in comparison to the US and Europe, seat belt usage stood at 28 percent compliance only.

**If a small safety gear can save you from an expensive hospital bill, why not start wearing the helmet at the earliest every time you ride your bike.**

According to figures highlighted in an article in 2015 by Gaadiwala, around 57% of Indians refrain from wearing helmets and 74%, pillion riders ignore safety measures.

Wearing a helmet is not only a legal compulsion but essential for your own safety.

**Helmets reduce injuries to the brain in a high-speed accident. Injuries can cause a concussion, contusions, brain bleeding, etc.**

## Impact & Sensitization

The campaign instilled the importance of wearing helmet / seat belt and saving of fuel in students as well as the public.

<b>Name of the Event organised</b>	Interaction on Women Malnutrition and its ill effects
<b>Date and Day</b>	6/03/17
<b>Collaboration or Association</b>	Health club
<b>Issues addressed</b>	Women Malnutrition and its ill effects
<b>Place of the event conducted</b>	Ivarakhandapura Village
<p><b>Report:</b></p> <p>As per the direction of Principal, a team of faculty and student volunteers organized an event "Interaction on Women Malnutrition and its ill effects" at college.</p> <p>Malnutrition, defined as ill health caused by deficiencies of calories, protein, vitamins, and minerals interacting with infections and other poor health and social conditions, saps the strength and well-being of millions of women and adolescent girls around the world. In this brief, the term malnutrition will refer to conditions of nutritional deficiency, including undernutrition and micronutrient deficiencies, though malnutrition actually also relates to problems of nutritional excess.</p> <p>Adequate nutrition, a fundamental cornerstone of any individual's health, is especially critical for women because inadequate nutrition wreaks havoc not only on women's own health but also on the health of their children. Children of malnourished women are more likely to face cognitive impairments, short stature, lower resistance to infections, and a higher risk of disease and death throughout their lives</p> <p>The Program was organised and co-ordinated by Prof.Tulsidas (Community club &amp; NSS) in association with along with students from both health club and Community club.</p> <p>The Health club has helped spread the message of Women Malnutrition and its ill effects through their words &amp; action.Students also participated in interaction session and were happy for the act of college students. Members appreciated our students for their honest hard work towards social responsibility and commitment towards the community.</p>	
<b>Impact &amp; Sensitization</b>	Good information on Nutritional values were given to students

## COMMUNITY CLUB REPORT

<b>Name of the Event organised</b>	Healthy Eat Habits at Schools
<b>Date and Day</b>	20/09/2017
<b>Collaboration or Association</b>	HEALTH CLUB
<b>Issues addressed</b>	Awareness of eating Healthy Habbits
<b>Place of the event conducted</b>	Government School, Ivar KandapuraHesaraghatta
<p><b>Report:</b>As per the direction of Principal, a team of faculty and student volunteers organized an event “Healthy Eat Habbits at Schools” at Ivarakandapura Hesaraghatta. The Program was organised and co-ordinated by Prof.Prashanth (ECO Club) along with students from both Community and Eco club. Awareness of eating health foods at School. Teacher who makes healthy choices – including healthy eating and regular physical activity – can have a good influence on the health of students, others and most importantly, yourself. Schools and teachers can model healthy eating and being active at school by: Packing a healthy lunch and taking the time to eat it.Build Healthy Eating Habits. Eat a variety of vegetables, especially dark green, red, and orange vegetables (3 or more servings a day).Eat a variety of fruits (2 or more servings a day).Eat whole-grain, high-fiber breads and cereals (3 to 6 servings a day).Drink fat-free or low-fat milk and eat low-fat dairy products.</p>	
<b>Impact &amp; Sensitization</b>	Students got the awareness of Healthy Eat Habbits

## HASIRU (ECO CLUB) REPORT

<b>Name of the Event organised</b>	Plastic free area.
<b>Date and Day</b>	18/01/2018 Thursday
<b>Issues addressed</b>	Impact of plastic and waste on aquatic organism, animals and human society
<b>Place of the event conducted</b>	Near Govt School
<b>Report:</b> <p>As per the direction of Principal, a team of faculty and student volunteers organized an event “<b>Plastic free area</b>” at Govt School. The Program was organised and co-ordinated by Prof. Prashanth Kumar H P(Eco club) &amp; Prof.Tulsidas (Community club) along with students from Community club. Students and Teachers of Govt School were given information about impact of pollution from the usage of plastic; The effects of plastic bags on the environment are really quite devastating. While there are many objections to the banning of plastic bags based solely on their convenience, the damage to the environment needs to be controlled. While reusing them is the first step, so often the best that citizens can do is reuse them.</p> <p>The teachers were happy and appreciated our students for their work towards social responsibility and commitment towards the community. With the help of teachers and volunteers of community club joined hands to make plastic free area by collecting waste plastics. The awareness is created among the students and teachers by conducting a session. Plastic free area will learn more about measures to save environment from plastic. The School children can reach out to the society in the present and also secure its future with the help of aware and educated minds.</p>	
<b>Impact &amp; Sensitization</b>	Call for plastic free future-Green peace.
<b>Faculty Coordinators</b>	Dr.Tulsidas D Prof. Prashanth Kumar H P

## HASIRU (ECO CLUB) REPORT

<b>Name of the Event organised</b>	Awareness of No POP (Plaster of Paris) Ganesha.
<b>Date and Day</b>	21/08/2017 Monday
<b>Issues addressed</b>	Save the planet from the pollution and switch to eco-friendly alternatives
<b>Place of the event conducted</b>	Govt School
<b>Report:</b> <p>As per the direction of Principal, a team of faculty and student volunteers organized an event <b>"Awareness of No POP(Plaster of Paris) Ganesha."</b> at Govt School. The Program was organised and co-ordinated by Prof.Tulsidas &amp; Prof. Prashanth Kumar H P along with students from Eco club &amp; Community club. Students and Teachers of Govt School were given information about impact of Plaster of Paris Ganesha, Ganesh Idols are decked up with heavy metal jewellery, decorations and hundreds of flower garlands. Instead of this save the planet from the pollution and switch to eco-friendly alternatives. The idols are made from red soil, organic fertilizer, and natural colour. The idols were prepared by the school students by the instructions of our volunteers. The teachers were happy for the active participation of college students. Teachers appreciated our students for their honest hard work towards social responsibility and commitment towards the community. The awareness is created among the students and teachers by giving a talk on No POP (Plaster of Paris) Ganesha, will learn more about measures to stay healthy of aquatic animals and helps to save the environment for the next generation</p>	
<b>Impact &amp; Sensitization</b>	Use Eco friendly Ganesha.

## **SWACHH BHARAT ABHIYAN**

### **HASIRU ECO CLUB REPORT**

Swachh Bharat Abhiyan (SBA) or Swachh Bharat Mission (SBM) or Clean India Mission in English is a campaign in India that aims to clean up the streets, roads and infrastructure of India's cities, smaller towns, and rural areas. The campaign was officially launched on 2 October 2014 at **Rajghat**, New Delhi by Prime Minister **Narendra Modi**. It is India's largest cleanliness drive to date with 3 million government employees, school students, and college students from all parts of India participating in 4,041 statutory cities, towns and associated rural areas. **Modi has called the campaign "Satyagrah se Swachhagrah" in reference to Gandhi's "Champaran Satyagraha" launched on 10 April 1917.**

In Sapthagiri College of Engineering it was initiated by the **first year students of 2017-18 academic year for creating social awareness. Sapthagiri Community club Collaboration with NSS (SWAYAM SEVA) under the guidance of Dr.B.S.Krishna, HOD, Department of Chemistry. The details were undertaken by the faculty coordinator Dr.Tulsi Das D, Department of Mechanical Engineering and Bharath, Department of Chemistry, Prof. Prashanth Kumar HP(HASIRU, ECO CLUB). Equally encouraged and supported by Dr.K.L.Shivabasappa, Principal, Sapthagiri College of Engineering and Dr. Nagabhusan, Administrative Officer, Sapthagiri College of Engineering.**

The first awareness program initiated by **Sapthagiri Helping hands and NSS** was "Swachh Bharat Abhiyan " to spread the awareness in and around the campus. The materials required for cleaning and sanitation was fulfilled by the college management. **40 students actively participated in the Abhiyan.** Teams were created and were assigned to certain spots around the college campus like **GelayaraBalaga layout and HanumantheGowdru Road., Hesarghatta, Bengaluru on April 07, 2018.** The waste collected was dumped in a specific place and was ensured that the BBMP collected it. We got huge support and encouragement from the local communities. The college management provided refreshments at the end of the Abhiyan. **We are planned to extend our work further with great progress towards the Development of Clean India.**

***"Though it is a difficult task, it can be achieved and for that people will have to change their habits." -Prime Minister Narendra Modi***

## HASIRU-ECO CLUB REPORT

<b>Name of the Event organised</b>	Hesaraghatta lake cleaning
<b>Date and Day</b>	02-03-2019, Saturday
<b>Issues addressed</b>	Removal of plastics and waste in & around lake
<b>Place of the event conducted</b>	Hesaraghatta
<b>Report:</b>  <p>Hasiru (ECO CLUB) &amp; NSS team chose to clean the Hesaraghatta lake. It was summer season and the lake was almost dry and was easier to clean at that stint. Both the teams chose to maintain the same propaganda of making the lake plastic-free. The team was divided into a number of sub-teams and each team went onto clean different parts of the lake.</p> <p>The volunteers collected various plastics such as chips covers, biscuit covers, juice bottles, liquor bottles and also lot of cloth which were carelessly thrown into the lake. The volunteers collected the wastes in gunny bags and these bags were finally disposed on to a municipal truck.</p>	
<b>Impact &amp; Sensitization</b>	Clean lake area without plastics and make a good environment available for Villagers, animals and aquatic animals.
<b>Faculty Coordinators</b>	Dr.Tulsidas D & Prof.Prashanth Kumar H P

## HASIRU-ECO CLUB REPORT

<b>Name of the Event organised</b>	Awareness on Dengue and Malaria
<b>Date and Day</b>	02/04/2019 Tuesday
<b>Issues addressed</b>	Prevention of Dengue and Malaria
<b>Place of the event conducted</b>	Govt School
<b>Report:</b> <p>A team of student volunteers organized an event “<b>Awareness on Dengue and Malaria</b>” at Govt School. The Program was organised and co-ordinated by Dr. Tulsidas (Community club) and Prof. prashanth kumar H P(Eco Club) along with student volunteers. Students and Teachers of Govt School were given information about the cleanliness to be maintained for preventing Dengue and Malaria. The teachers were happy for the active participation of college students. Teachers appreciated our students for their honest hard work towards social responsibility and commitment towards the community. The awareness is created among the students and Teachers by conducting a session on dengue and malaria prevention, will learn more about measures to stay healthy and what all to do in case of infection. The students are taking active steps to spread awareness, participating in making a change, and practicing preventive measures in their daily lives.</p> <p>The awareness programs can deeper only in schools. School students are better equipped to understand the reasons behind the preventive steps they are to take than the general public out there. They can better understand the difference in species that lead to the spread of those diseases, how they fly around at different times of the day and how fever along with headaches are symptoms on one disease but not the other. School students are in a better place to persuade their parents or anyone in the society to visit a clinic for they know the science that goes on in the backdrop and can put forth logical arguments to anyone</p>	
<b>Impact &amp; Sensitization</b>	Clean Area/Village with proper measures to prevent Dengue and Malaria

## **Mission Sahasi**

The Mission SAHASI aims at not just instilling confidence into women, but also to bring the much-required change in the 'Chalta Hai' attitude prevailing in the society towards women and their issues. It is a self-defence training programme for girls imparted by the finest of martial arts trainers and security experts. With the tagline "Making of the Fearless" the Mission is customised by expert trainers keeping in mind the threats faced by girls in their daily routine, be it on a crowded street or in empty train and to defend herself in any circumstance and the company of known or unknown people.

**National Service Scheme** (NSS Unit) of Sapthagiri College of Engineering organised 3-days(22<sup>nd</sup> - 24<sup>th</sup> October 2018) self defence training for girl students in the college campus under the name "Mission Sahasi" to safe guard themselves whenever they are in threats and the event was managed by the NSS co-ordinator Dr. Tulsidas D. Our college girls students participated in Self defence demonstration organised by Mission Sahasi at Central College Grounds, in Bengaluru on Tuesday 30<sup>th</sup> October 2018.

## HASIRU CLUB REPORT

<b>Name of the Event organised</b>	No fireworks for healthy and safe deepavali
<b>Date and Day</b>	31/10/2018, Wednesday
<b>Issues addressed</b>	Impact of crackers pollution and waste on aquatic organism, animals and human society
<b>Place of the event conducted</b>	Govt School
<b>Report:</b> <p>The HASIRU(Eco club) team and student volunteers organized an event <b>“No fireworks for safe and healthy deepavali”</b> at Govt School in association with Community club. The Program was organised and co-ordinated by Prof. Prashanth Kumar H P( Hasiru club) &amp; Prof. Tulsidas (Community club) along with students from both clubs. Students and Teachers of Govt School were informed about the impact about the pollution and waste produced by burning the crackers and was happy for the active participation of college students. Teachers appreciated our students for their honest hard work towards social responsibility and commitment towards the community. The awareness is created among the students and Teachers for proper disposal. A special <b>‘Say No to Crackers’</b> Campaign was organised with the aim of creating awareness among the masses about the tremendous air pollution caused due to bursting of crackers. With the noble aim of celebrating ‘Green Diwali’ students pledged to say ‘No’ to crackers and ‘Yes’ to pollution free environment. A Special Slogan was Designed – <b>‘LETS CELEBRATE GREEN DIWALI’</b>. The Speech saw lots of enthusiasm among the students as they vociferated slogans and distributed pamphlets to the students by, encouraging them to gift our Mother Earth a tree this Diwali instead of harmful smoke of crackers.</p>	
<b>Impact &amp; Sensitization</b>	Clean Area/Village without pollution of crackers is available for Villagers, animals and aquatic animals.

## HASIRU (ECO CLUB) REPORT

<b>Name of the Event organised</b>	<b>NO HONKING DRIVE IN TRAFFIC.</b>
<b>Date and Day</b>	16/11/2018, Friday
<b>Collaboration or Association</b>	Health club and Community club
<b>Issues addressed</b>	Noise pollution caused by use of car horns without any reason
<b>Place of the event conducted</b>	Traffic signal near college campus

### Report:

As per the direction of Principal, a team of faculty and student volunteers organized "NO HONKING DRIVE IN TRAFFIC" at traffic signal near college. The Program was organised and co-ordinated by Prof. Prashanth (ECO Club) in association with Health club and Community club along with students from both Community and Eco club.

According to the Karnataka State Pollution Control Board (KSPCB), the sound levels of horns should not exceed 84 decibels.

- A car horn's average decibel level is nearly 110dB, which is a serious health hazard as any sound above 60–70dB can result in gradual loss of hearing.
- Noise pollution has become such a serious problem in cities that ENT specialists say that most of the urban population suffers from 20dB hearing loss.
- If a person has chronic exposure to sound above 55dB, the risk of heart disease and stroke increases. As per a WHO study, "One million healthy life years are lost due to traffic noise."
- The problem is worst at traffic signals where drivers start honking without waiting for the signal to turn green or for traffic to move. Drivers show no respect to the law that prohibits the use of horn at traffic signals and other silent zones such as areas near hospitals, schools, religious places and

residential areas. Vehicular honking in cities has reached at an alarming level and contributes approximately 70% of the noise pollution in our environment. According to an recent article of TOI, Four years ago, the city traffic police launched a campaign to get Bengalurean's to start every week sans loud, unnecessary honking. The police recently relaunched the 'No Honking Monday' campaign but it is clear the call has fallen flat and citizens continued to be - as the police would say - 'horn-y'.

SCE has initiated a MOVEMENT against honking. Our battle plan includes putting up 'No Honking' banners, distributing pamphlets, stickers ETC..

## Impact & Sensitization

SCE organizing public awareness campaigns to eliminate noise pollution has been appreciated by good Samaritan's.

## COMMUNITY CLUB REPORT

<b>Name of the Event organised</b>	Orientation on Organic Farming
<b>Date and Day</b>	15-02-2019 FRIDAY
<b>Collaboration or Association</b>	ECO CLUB
<b>Issues addressed</b>	Using Organic Farming getting good quality and yield with less cost.
<b>Place of the event conducted</b>	Village near Hesaraghatta Main Road
<p><b>Report:</b></p> <p>As per the direction of Principal, a team of faculty and student volunteers organized an event <b>"Orientation on Organic Farming"</b> in the Village near Hesaraghatta Main Road. The Program was organised and co-ordinated by Prof. Prashanth Kumar HP (Eco club) in association with Prof. Tulsidas (Community Club) along with students from both Community and Eco club. The students from different departments of SCE participated in the Orientation on 'Orientation on Organic Farming'. Initially the student coordinators of Eco Club 'Hasiru' told the student participants and faculty went to Village near Hesaraghatta main road inform the villagers and farmers to assemble near agriculture land and briefly started about discussing organic farming, agricultural system that uses ecologically based pest controls and biological fertilizers derived largely from animal and plant wastes and nitrogen-fixing cover crops and also discussed about Organic farming is better for the environment. Organic farming practices reduce pollution, conserve water, reduce soil erosion, increase soil fertility, and use less energy. Farming without pesticides is also better for nearby birds and animals as well as people who live close to farms</p>	
<b>Impact &amp; Sensitization</b>	Farmers learn how to implement organic farming .and using organic farming getting good quality and yield with less cost of

# INTRODUCTION

The NSS team of Sapthagiri College of Engineering were all set for the Special Camp, which was held in Ivarakandapura, HuraliChikkanahalli Gram Pachayat. Dr. K L Shivabasappa, Principal, SCE and Dr. K R Nagabhushana, Administrative Officer, SCE addressed the NSS team about NSS and its history, need for NSS, services provided through NSS, benefits of doing service to the society through NSS and also moral values that can be incorporated through NSS. The NSS Special Camp was led by Dr. Tulsidas D, NSS Program Officer, SCE.

Volunteers for NSS comprised of students from various departments of engineering, SCE. Essential accessories for the activities planned for the camp were taken and every student was given responsibility to take care of a particular accessory. All the volunteers were informed about his/her responsibility and the norms to be followed during the camp. With the support of our beloved Principal, Administrative Officer, and Head of Department of various branches, the NSS team set off for the day.

## INAUGURATION & TEMPLE VISIT

The NSS team reached Ivarakandapura and took the blessings of Lord Anjaneya and Lord Shiva. Lord Shiva's temple was centuries old and had history of Mahabharata. The temple also had five incarnations of Lord Shiva.

The NSS Program Officer, Dr. Tulsidas D along with tow volunteers visited the Gram Panchayat and acquired permission for the NSS Special Camp. The NSS team sat down and discussed with the villagers about the improvements that could be carried out during the period of our stay. Out of the many issues expressed by villagers, we chose vital issues i.e., cleanliness, health and education. Keeping the issues intact, we planned the activities to be carried out. According, we prepared the schedule.

## TEMPLE CLEANING

The first issue that the NSS team took up was cleaning the temple. The NSS team was divided into teams and each team was given a specific location around the temple to clean. The first priority was to make the surrounding plastic-free. In order to achieve the goal, each team was given a bag to collect the plastic around the temple.

After all the plastic was collected, they were all gathered in a place and they were later moved to the municipality garbage truck. The student also unplanted the weed which was grown around the temple and also on the roof of the temple.

## BASIC EXERCISE

The NSS Program Officer, Dr. Tulsidas D explained to the NSS team about the importance of day to day exercise and its effects on health. We were taught few basic exercises that we could perform every day to keep ourselves healthy. The NSS team spent the next one hour exercising.

The NSS team was also learnt few Yoga positions and we also understood the importance of ancient practices in modern life. The NSS team was also suggested to convey this message to the villagers

## SWACHH VILLAGE

The NSS team entered the village and divided themselves as a team and each team were given specific roles to clean.

The first priority of the team was to make the village plastic-free. Each team collected plastic and accumulated in a bag. These bags were put together and transferred to the municipality garbage truck. Also, the teams gathered leaves and piled them in a corner.

## HONEY BEE CULTIVATION

The NSS team were taken to a nearby house where honey bees were bred. A resource person, Mr. Hanumanthappa, told the team about the honey bee culture. He gave information about the types of bees, nature of honey bee culture, environment conditions required for honey bee cultivation, honey yield and honey wax preparation. He also gave us information about the places where we could buy the honey bee crates as well as the honey bees.

Mr. Hanumanthappa explained us the whole process of honey bees making honey. Starting from the type of bee to keep at home i.e., suitable for cultivation, he took us through process where honey bees took nectar from flowers and used it in the formation of honey.

# AWARENESS PROGRAM

The NSS team planned to create awareness about three major issues – Health, Education and Voting. In order to achieve the goal, we created sign boards about each one of these issues and split into teams among ourselves. All the teams went into the village and spoke to village people about the issues concerned with health, education and voting thereby creating awareness among village people regarding these issues.

The NSS team addressed the following:

Health is very important for all and it should be taken care with utmost cautiousness.

All the children must be educated.

Everyone above 18yrs must vote for the overall development of the country.

The teams also gave information about the health camp that was conducted on the last day of the camp.

## TEACHING DRAWING, DANCE AND ENGLISH

The NSS team visited the Government school in Ivarakandapura. We interacted with the students and we got to know their immense interests in the field of arts. Hence, we decided to teach them the art of sketching and dance.

We also recognized the difficulty they were facing when they tried to communicate in English and hence, we chose to teach them basic English.

## TEACHING ENGLISH

The NSS team recognised the student's struggling to communicate in English. Hence, we chose few volunteers to teach the students basis English. The volunteers taught the students to write alphabets, to introduce themselves in English and also to greet one another.

The volunteers taught them parts of speech i.e., noun, pronoun, verb, adverb, adjective, preposition, conjunction and interjection. The team gave the students a set of statements and explained the different parts of speech for every statement. The volunteers also taught the students numerous rhymes which the students enjoyed a lot learning. The students were also taught the names of different things in English such as table, leaves, tree, chalk piece, stone, pillar, flag, flag post and many more.

## ART of DANCE

The NSS team chose few volunteers who were well versed dancers to teach dance to the students. The volunteers taught the students some basic steps for the songs of their choice. All the students were taught dance steps for a particular song and were made to perform in front of the teachers.

## HESARAGHATTA LAKE CLEANING

The NSS team chose to clean the Hesaraghatta lake. It was summer season and the lake was almost dry and was easier to clean at that stint. The NSS team chose to maintain the same propaganda of making the lake plastic-free. The team was divided into a number of sub-teams and each team went onto clean different parts of the lake.

The volunteers collected various plastics such as chips covers, biscuit covers, juice bottles, liquor bottles and also lot of cloth which were carelessly thrown into the lake. The volunteers collected the wastes in gunny bags and these bags were finally disposed on to a municipal truck.

## TEACHING CHEMISTRY PRACTICALS TO STUDENTS BY OUR COLLEGE FACULTY

The NSS team interacted with the Headmaster of Government School about the problems faced by the students. The Headmaster expressed the lack of faculty to teach chemistry to the students. Hence, the NSS team requested Dr.Gurushanth, Department of Chemistry and Prof. Prashanth Kumar, Department of Biotechnology, Sapthagiri College of Engineering to teach chemistry to the students and the professors obliged.

The professor engaged the students for an entire day and taught the students some basics fundamentals of chemistry and tried to build in them the thirst to know more about the fascinating world of chemistry by performing some basic yet interesting experiments. Professor also made the students understand the connection between the experiment output and the chemical reasoning behind it. The students were thrilled by witnessing the experiments and they expressed their eagerness to know more. The students also asked many questions about the experiment they witnessed and got it cleared. The professor called the students up to the dais and instructed them while the students were encouraged to perform the experiments.

The NSS team requested the management of Sapthagiri Medical College to conduct a one day health camp for the people of the village. On the day of the Health Camp, a team of doctors along with nurses with specialization in eye, skin, ENT, general and gynecology arrived at Ivarakandapura. The Health camp was held in the Government School, Ivarakandapura.

The villagers came in hand and registered in the registration desk and according to their need, they were sent to a particular specialist for treatment. We also provided transportation facilities for the villagers who were unable to walk.

### **Awareness Created in students**

**Students Involved in Extension activities related to community services have been sensitized with the following and contributed to their holistic development.**

1. Concern towards environment, Effect of pollution on living being and, social responsibility.
2. An urge to contribute to community by donating blood, engaging in social services.
3. Awareness maintaining clean surroundings, actively participating in Swachh Bharath Andolan, Plastic free zone and campus cleaning activities.
4. Educating school children on Computer literacy, skills and internet etc.
5. Educating children on good eating habits, Health and hygiene.
6. Created awareness on waste management, need of recycling and social responsibility.
7. Educating rural women on health and hygiene.
8. Concern on rural people by organizing health check-up camp.
9. Need for women empowerment and giving equal opportunities for them.
10. Educating villagers on child rights, Child protection against sex abuses etc.
11. Need for promoting gender equality and schemes available for rural and backward community women.
12. Concern about rural women on sex abuse and empowering them to overcome the same.
13. Awareness on social responsibilities.
14. Developing organizing skills.
15. Improved interactive and presentation skills.
