

HASIRU –ECO CLUB

STANDARD OPERATING PROCEDURE

The HASIRU Eco club's vision is to develop responsiveness and commitment among students in particular and the community in general regarding ecology, environmental issues, awareness and maintenance of a good and healthy surrounding. The main aim and accountability of the Eco Club is to take the initiative in creating awareness among the people regarding the major environmental problems, the health hazards, plastic and pollutant issues, climatic concerns, afforestation and their preventive measures. The volunteers of Hasiru club organize cleaning campaigns, conduct informative and awareness campaigns, visit villages and farms to understand the conventional and organic farming, interactions with farmers regarding different plantations etc.

The HASIRU- Eco club is a platform that accredits students to be in progressive role in deciding and implementing issues related to the environment and ecology in the college, at home and in the community. The Club also incur the members the opportunity to act as 'ENVIRONMENT WARDENS' who carry good habits and information they learn at Eco club. This really influences their parents, sibling and friends circle to look upon students at a different dimension.

The objectives of the HASIRU –ECO CLUB are:

- ❖ *To create awareness about the environment and its ill effects to the staff and students in the campus.*
- ❖ *Develop skills, positive attitudes and ethics towards environment.*
- ❖ *Demonstrate initiative to analyze environmental problems, suggest and implement suitable solutions and follow up actions for these.*

- ❖ *Engage learners in scientific enquiry at different levels of environment.*
- ❖ *To promote hygienic lifestyles and surrounding.*
- ❖ *To encourage outreach programs at government schools and villages*
- ❖ *Promote ethos of conservation of water by minimizing the use of water.*
- ❖ *Sensitize the students to minimize the use of plastic bags, not to throw them in public places as they choke drains and sewers, cause water logging and provide breeding ground for mosquitoes.*
- ❖ *Organize tree plantation programmes, awareness programmes such as Quiz, essay, painting competitions, rallies, nukkad natak etc. regarding various environmental issues and educate children about re-use of waste material & preparation of products out of waste*
- ❖ *Organize Nature Trail in Wild Life Sanctuaries/Parks/Forest areas to know about the Bio-diversity*
- ❖ *To use different media such as short films, audio, visual and print, advertisements, hoarding, posters, seminars, workshops, competitions, meetings etc. for spreading messages concerning environment and awareness*
- ❖ *Prepare inventories of polluting sources and forward it to enforcement agencies.*
- ❖ *Any other innovative programme on environmental issues.*
