Our Principal Dr. K L Shivabasappa, Administrative officer Dr. K R Nagabhushana, Dr, Shyam Sundar and Dr. Tulsidas addressed the gathering about the importance and need of blood donation. They also informed about the ways of utilizing this blood for the benefit of others. After listening to the speech given by dignitaries, the students were extremely motivated and encouraged to donate blood.

Students from all the branches of Sapthagiri College of Engineering were asked to register for the Blood Camp at the registration desk, which was set up at the entrance of the academic block. There was an overwhelming response from students and nearly 800 students turned up for registration to donate blood at 10:00 am. The registered students were checked for the medical norms i.e., weight, blood pressure, haemoglobin content and type of blood. The students who were within the medical norms were then sent to the respective rooms where blood was taken. Later the students were given refreshments and made to rest.

Finally, we have recorded a count of 334 blood bags and all of them were handed over to the Indian Red Cross Society. Some of the students were unable to donate blood due the strict medical norms. These students were encouraged to come back in future and donate blood.
