DEPARTMENT OF CIVIL ENGINEERING

A REPORT ON INTER COLLEGE DEPARTMENTAL FEST – AARAMBHA- 2K19

A Two day Inter College Departmental Fest – AARAMBHA -2K19 was conducted jointly by Sapthagiri College of Engineering and ICI on 24th & 25th April, 2019. The main intention of the fest was to showcase and enhance the technical talents of the engineering students. The event started on 24th April at 10.00 am, the function was presided by Sri. G. Dayanand, Chairman and Managing Director, Sri. G D Manoj Executive Director, Principal Dr.K.L.Shivabasappa, Administrative Officer Dr.K.R.Nagabushana, Head of Department, Civil Engineering Dr. R.L Ramesh and Chief Guest Dr C V Srinivas, Professor & HOD, Dept of Civil Engg, Global Academy of Technology, Bengaluru. The inaugural was initiated with a welcome speech by Ms Yamini J, student of 8th Semester of Civil Engineering Department, was followed by prayer and lighting of the lamp, which was followed by introduction to chief guest by Prof. Akshay J. 71 students of 3rd year, 63 students from final year & 69 students of 2nd year of Civil Engineering along with around 50 students from various Engineering colleges were participated in this fest.

Inauguration by Lightening the Lamp.

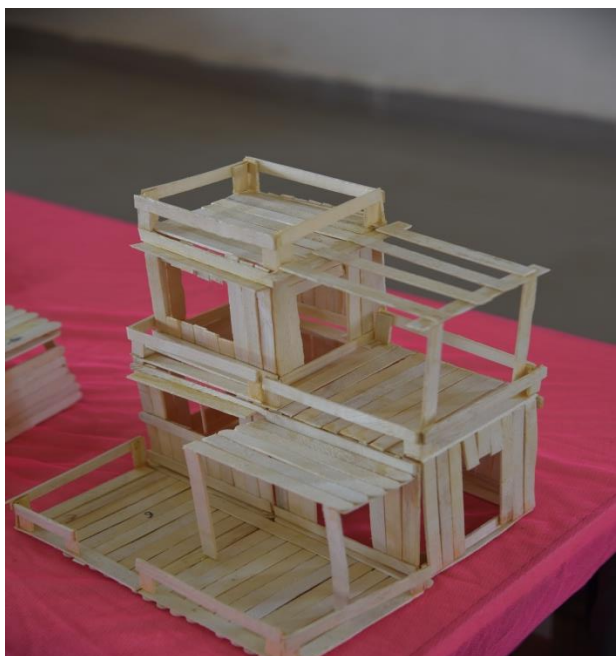

Chief Guest Dr.CV.Srinivasa Addressing the gathering.

The Chief guest Dr. C V Srinivasa addressed the gathering about the technical fest, he also motivated the students to showcase their talents by participating inter college department fest of other colleges also, and also he addressed the students by learning innovative upcoming technologies in civil engineering field. He also wished that make it grand success of this Two days Techno-inter college department fest Aarambha-2K19.

DAY 1 – 24TH April 2019

EVENT 1 – MODEL MAKING

This Event was formulated to showcase the talent of the students in making the models of the civil engg structures such as buildings, bridges, dams etc. It is a group event where 3 members were to be in a team. The Model has to be done within stipulated time given. Students of Dr.T.Thimmaiah Institute of Technology.KGF, have Won the First Place and Students of Sapthagiri College of Engineering have won the Second Place in this Event.

EVENT 2 – ART IN AGGREGATE

This Event was formulated to showcase the talent of the students in making the Art using construction materials such as Aggregates, Sand & Cement. It is a group event where maximum of 2 students should be there in a team. The students from East West Institute of Technology, Bengaluru secured 1st place and the students of Sapthagiri College of Engineering, Bengaluru secured second place in the event.

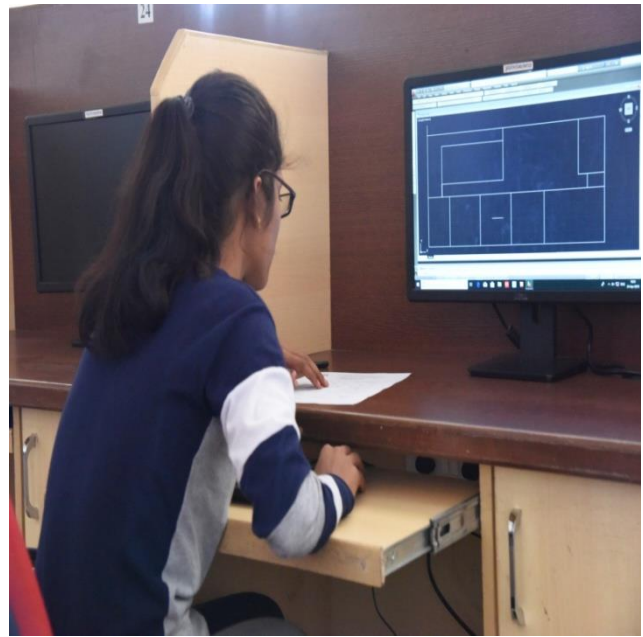

EVENT 3 – CUBE CRASH

This event was conducted to showcase the talent of the students in concrete mix designing to give the maximum compressive strength when applied load under the compression testing machine. It is a group event where maximum of 3 members can be there in a team. Teams should come up with an optimum Mix design for the given problem statements. The event was conducted in two rounds and one day cube strength was checked. The students from Sapthagiri College of Engineering secured 1st place and Students from Dr T Thimmaiah Institute of Technology, KGF secured 2nd place in this event.

EVENT 4 - CAD MASTER

This event was conducted to showcase the talent of the students in AUTOCAD making the plans and elevations of the given line diagram within the stipulated time. It is an individual event. The students from Sapthagiri College of Engineering secured 1st and 2nd place in this event.

EVENT 5 – GEO WORLD

This event comprising of identification of various rocks and minerals by the students and writing the properties of the rocks and minerals thus enhancing the knowledge of the geology subject. It is a group event with a maximum of 3 students in a group. The Students from M S Ramaiah Institute of Technology secured 1st place & Students of Sapthagiri College of Engineering secured 2nd place in this event.

DAY 2 – 25TH April 2019

EVENT 6 – INQUISITOR

This Event was conducted to know the technical knowledge of the students in the civil engineering subjects. It is a typical quizzing event in civil engineering with a set of two unique rounds are hosted. The students of M S Ramaiah Institute of Technology, Bengaluru secured the first place and students from Dayanand Sagar College of Engineering, Bengaluru secured second place in the event.

EVENT 7 – STRESS INTERVIEW

This Event was conducted to exhibit the ideas of the students by answering to the questions asked by the faculty members on the civil engineering subjects. It is an individual event. The strong in basics in civil engineering subjects and good communication skills was to be exhibited. The Students of M S Ramaiah Institute of Technology secured 1st place and Students of Dayanand College of Engineering secured 2nd place in this event.

EVENT 8 – TECH COLLAGE

This Event comprises of the identifying ideas of the students in collaging the various related aspects present in the newspapers and forming a meaning prospectus related to society. It is a group event with maximum of four students in a group. The Students from Sapthagiri College of Engg secured 1st Place & Students from BMS Institute of Technology secured 2nd place in this event.

EVENT 9– TRUSS WEB

This Event comprises of forming a civil structure using simple stationary items which should resist the maximum load. The Students of Sapthagiri college of Engineering secured 1st place & Students of BMS Institute of Technology secured 2nd place in this event.

EVENTS 10 – SURVEY HUNT

This Event comprises in exhibiting the knowledge of students over the surveying instruments. The event comprises of the identifying the RL of an unknown point from the point of a known RL. The students of Sapthagiri College of Engineering secured 1st place and students of Dr T Thimmaiah Institute of Technology, KGF secured 2nd place in this event.
