

REPORT OF INVITED TALK ON

“GAME CHANGERS”

We the Department of Computer Science and Engineering organized an Invited Talk on **“Game changers – What Industry Needs from Academics”**. Students got knowledge about relationship between academia and industry. How the Academia produces graduates who are absorbed by industry and also research work in colleges are taken up by the industry and turned into products and services. Industry on the other hand looks to academia for solutions to their concerns. It would like colleges to tailor their courses to turn out graduates whose skill-set are aligned to industry requirements. Often new research topics arise out of interaction between both academia and industry. Invited Talk was conducted on: **07th September 2018** by Pramoti Technologies Pvt Ltd - for all the 5th semester “A” section students took part in it and are immensely benefited.
